Summary

Dynamic and results-oriented software developer with over 5 years of experience in building scalable web applications and working on diverse projects. Proven expertise in Java and database management with a strong foundation in DevOps practices. Adept at collaborating with cross-functional teams to deliver high-quality software solutions on time and within budget.

Experience

Senior Software Engineer

Tech Innovations Inc., Leslieview

January 2021 - Present

- **Led a team** of 5 developers to design and implement a **Payment Processing System** that handled over 10,000 transactions per day, resulting in a **30% increase in transaction efficiency**.
- Utilized **Java (Expert)** and **MongoDB (Intermediate)** to create robust backend services for an **E-commerce Platform**, improving load times by **25%**.
- Implemented CI/CD pipelines using **Kubernetes (Intermediate)** and **Docker** to streamline deployment processes, reducing release time by **40%**.

Software Developer

Creative Solutions Ltd., Leslieview

June 2018 - December 2020

- Developed a **Real-time Chat System** for customer support, enhancing response times by **50%** through efficient use of **Node.js (Intermediate)** and WebSocket protocols.
 - Contributed to a **Content Management System** project, utilizing **Angular (Beginner)** for front-end development, which improved user engagement by **20%**.
 - Collaborated with QA teams to ensure software quality and performance through extensive testing and debugging.
-

Skills

- **Java (Expert)**
 - **MySQL (Advanced)**
 - **Git (Advanced)**
 - **MongoDB (Intermediate)**
 - **Node.js (Intermediate)**
 - **Kubernetes (Intermediate)**
 - **DevOps (Intermediate)**
 - **PostgreSQL (Expert)**
 - **Angular (Beginner)**
-

Projects

- **Payment Processing System:** Developed a secure and efficient payment processing module for a major client, implementing encryption and fraud detection features.
- **E-commerce Platform:** Architected backend services using **Java** and **MySQL**, integrating third-party payment gateways to facilitate seamless transactions.

- **Real-time Chat System:** Designed and built a chat application for customer support, enhancing user experience through real-time notifications and chat history.
 - **Content Management System:** Collaborated on a CMS project that allowed non-technical users to manage website content easily, resulting in a significant reduction in IT support requests.
-

Certifications

- **Docker Certified Associate**
 - **Scrum Master Certification**
-

Education

Bachelor of Science in Computer Science

University of Leslieview, Leslieview

Graduated: May 2018

Professional Affiliations

- Member of the **Leslieview Developers Group**, actively participating in workshops and networking events to stay updated on the latest technologies and best practices in software development.
