  - **French:** B1
- 

## Certifications

---

- **AWS Certified Solutions Architect**  
**Score:** 944 | **Expiration:** 2027-10-10
- 

## Summary

---

Experienced programmer with 12 years in the industry, specializing in cloud solutions and containerization. Proficient in Azure and Docker, with strong soft skills including adaptability, team leadership, and effective communication.

---

## Experience

---

### Senior Software Engineer

**Company:** Tech Innovations Inc.

**Industry:** FinTech

**Size:** Enterprise

**Duration:** 6 years

- Developed a **Real-time Chat System** that enhanced customer support response times by 40%.
- Led a team of developers in transitioning legacy applications to Azure, improving uptime and scalability.
- Implemented CI/CD pipelines using Docker and Kubernetes, reducing deployment time by 30%.

## Software Developer

**Company:** Cloud Solutions Ltd.

**Industry:** SaaS

**Size:** Startup

**Duration:** 4 years

- Contributed to the development of a multi-tenant **Web Application**, optimizing performance and user experience.
- Collaborated with cross-functional teams to integrate machine learning features, enhancing the application's capabilities.
- Assisted in the migration of on-premise solutions to Azure, ensuring data security and efficiency.

## Junior Developer

**Company:** Data Analytics Corp.

**Industry:** Data Science

**Size:** Enterprise

**Duration:** 2 years

- Supported the development of machine learning models and algorithms for data analysis.
  - Gained hands-on experience with PyTorch, contributing to several internal projects.
  - Participated in Agile project management practices, including Scrum meetings and sprint planning.
-
