**Location:** Danielfort

---

## Summary

Detail-oriented and innovative programmer with a strong foundation in software development and a passion for machine learning and cloud solutions. Proven track record of delivering high-quality applications and systems, with expertise in Kubernetes and FastAPI. Adept at working in collaborative environments and managing projects using Agile methodologies.

---

## Experience

### Software Developer

#### Innovatech Solutions, Danielfort

*June 2020 - Present*

- Developed a **Real-time Chat System** using FastAPI and WebSocket technology, improving user engagement by **30%**. - Implemented Kubernetes to orchestrate microservices, achieving a **25% reduction** in deployment time and enhancing scalability. - Collaborated with cross-functional teams to integrate a **Payment Processing System**, ensuring compliance with security standards and reducing transaction processing time by **15%**.

### Junior Developer

#### Tech Frontier, Danielfort

*January 2018 - May 2020*

- Contributed to the design and development of a **Content Management System** that streamlined content publishing workflows, resulting in a **20% increase** in

editorial productivity. - Assisted in creating a **Data Analytics Dashboard** that provided real-time insights, improving decision-making processes for stakeholders. - Gained experience in DevOps practices, enhancing CI/CD pipelines and automated testing, which improved software delivery speed.

---

## Skills

- **Kubernetes:** Expert
  - **Machine Learning:** Expert
  - **FastAPI:** Advanced
  - **DevOps:** Intermediate
  - **MySQL:** Beginner
- 

## Projects

- **Real-time Chat System:** Developed a scalable chat application that supports thousands of concurrent users and features instant messaging and file sharing.
  - **Payment Processing System:** Built a secure payment gateway integrated with various payment methods, ensuring low latency and high reliability.
  - **Content Management System:** Engineered a user-friendly CMS that allows non-technical users to manage website content effectively.
  - **Data Analytics Dashboard:** Created an interactive dashboard using machine learning algorithms to analyze user behavior and provide actionable insights.
- 

## Certifications

- **Scrum Master Certification**
  - **Google Cloud Professional**
-

# Education

## Bachelor of Science in Computer Science

*Danielfort University*

*Graduated: May 2017*

- Relevant Coursework: Data Structures, Algorithms, Machine Learning, Cloud Computing

---

## Additional Information

- **Languages:** Fluent in English and Spanish
  - **Interests:** Open-source contributions, attending tech meetups, and exploring the latest trends in AI and cloud technologies.
-
