Location: Dariusfort

Hourly Rate: \$70/hr

Summary

Programming professional with **15 years** of experience in software development and architecture. Proven expertise in **Docker** and **Terraform**, complemented by strong soft skills including **Adaptability**, **Team Leadership**, **Public Speaking**, **Cross-functional Communication**, and **Strategic Planning**.

Education

B.Sc. in Computer Science

Technical University of Munich

Rank: #20

GPA: 3.73

Skills

- **MongoDB** (Beginner, 1 yr)
 - **Redis** (Beginner, 1 yr)
 - **Docker** (Expert, 8 yrs)
 - **Terraform** (Expert, 12 yrs)
-

Languages

- **English: C1**
-

Certifications

- **Microsoft Azure Developer**
Score: 770, Expiry: 2026-04-11
 - **AWS Certified Solutions Architect**
Score: 761, Expiry: 2028-05-02
-

Experience

Senior Software Engineer

E-commerce Platform | Retail | Startup

2018 - Present

- Led the development of a scalable microservices architecture for a high-traffic e-commerce platform, improving system performance by 30%. - Implemented an API Gateway for seamless integration of third-party services, ensuring high availability and security compliance. - Mentored junior developers, fostering a culture of continuous learning and collaboration within the team.

DevOps Engineer

API Gateway | Tech Solutions | Enterprise

2015 - 2018

- Designed and managed infrastructure as code using Terraform, leading to a 40% reduction in deployment times. - Developed CI/CD pipelines utilizing Docker, enhancing code quality and accelerating release cycles. - Collaborated with cross-functional teams to streamline operations and improve system reliability.

Software Developer

Microservices Architecture | Financial Services | Enterprise

2010 - 2015

- Contributed to the design and implementation of a microservices architecture, optimizing resource utilization and system scalability. - Worked closely with product managers to define technical requirements and deliver innovative solutions that met business goals. - Conducted public speaking sessions to share insights on microservices best practices with industry peers.
