**Phone:** 258.241.3490x743

**Location:** West Bradbury

**Hourly Rate:** \$59/hr

**Total Experience:** 14 years

## Summary

---

Results-driven programmer with 14 years of experience in software development and data science. Highly skilled in team leadership, conflict resolution, problem solving, and agile methodology. Proven adaptability in fast-paced environments.

## Education

---

### **B.Sc. in Computer Science**

University of California, Berkeley

*Rank: #4, GPA: 3.33*

## Skills

---

- **Java:** Intermediate (2 years)
- **JavaScript:** Advanced (6 years)
- **Data Science:** Expert (14 years)
- **PyTorch:** Advanced (6 years)
- **PostgreSQL:** Expert (14 years)
- **Azure:** Expert (13 years)

## Soft Skills

---

- Team Leadership
- Conflict Resolution
- Problem Solving
- Agile Methodology
- Adaptability

## Languages

---

- English (C1)
- Spanish (B1)
- Polish (Native)

## Experience

---

### Software Engineer

**Company:** Tech Innovations Inc.

**Industry:** FinTech

**Size:** Enterprise

**Duration:** 2018 - Present

- Developed and maintained an **API Gateway** for handling multiple microservices interactions, enhancing system efficiency by 30%.
- Implemented a data-driven approach using **PostgreSQL** and **JavaScript** to support an E-commerce Platform, leading to a 25% increase in customer engagement.

### Senior Data Scientist

**Company:** Data Solutions Co.

**Industry:** E-commerce

**Size:** Startup

**Duration:** 2015 - 2018

- Led a team in designing a microservices architecture to streamline the company's data processing, resulting in a 40% reduction in processing time.
- Utilized **PyTorch** and machine learning algorithms to analyze customer behavior, improving targeted marketing strategies.

## Full Stack Developer

**Company:** WebTech Ltd.

**Industry:** Technology

**Size:** Enterprise

**Duration:** 2010 - 2015

- Collaborated on the development of an E-commerce Platform, focusing on both front-end and back-end solutions using **Java** and **JavaScript**.
- Enhanced system performance and scalability through effective use of **Azure** cloud services, leading to improved uptime and user satisfaction.

## Certifications
