Location: Port Michaeland

Hourly Rate: \$124/hr

Total Experience: 13 years

---

## Summary

---

Experienced programmer with 13 years in software development, specializing in various programming languages and technologies. Strong background in Agile methodology, team leadership, and strategic planning, with a proven ability to adapt to new challenges and environments.

---

## Education

---

### M.Sc. in Software Engineering

Georgia Institute of Technology

Rank: #15, GPA: 3.95

---

## Skills

---

- **Rust:** Intermediate (2 yrs)
- **C++:** Expert (8 yrs)
- **React:** Beginner (1 yr)
- **JavaScript:** Expert (13 yrs)
- **PyTorch:** Advanced (4 yrs)
- **MongoDB:** Expert (8 yrs)
- **AWS:** Expert (9 yrs)

- **Azure:** Expert (8 yrs)
  - **Terraform:** Expert (13 yrs)
- 

## Soft Skills

---

- Agile Methodology
  - Public Speaking
  - Team Leadership
  - Adaptability
  - Strategic Planning
- 

## Languages

---

- **English:** Native
  - **French:** B2
- 

## Certifications

---

- **Docker Certified Associate**  
Score: 835, Exp: 2026-07-27
  - **Certified Kubernetes Administrator**  
Score: 706, Exp: 2026-06-19
  - **Google Cloud Professional**  
Score: 895, Exp: 2028-04-09
- 

## Experience

---

### Senior Software Engineer

**Company:** FinTech Solutions

**Industry:** FinTech

**Size:** Enterprise

**Duration:** 2018 - Present

- Led the development of a **Payment Processing System**, improving transaction speed by 30%.
- Designed and implemented an **API Gateway** to streamline communication between internal services and external partners.
- Collaborated on a team to develop a **Data Analytics Dashboard** that provided real-time insights into financial transactions.

## Software Developer

**Company:** E-Commerce Innovations

**Industry:** E-commerce

**Size:** Startup

**Duration:** 2015 - 2018

- Developed a feature-rich **E-commerce Platform**, enhancing user engagement through personalized recommendations.
- Utilized **MongoDB** for database management, optimizing data retrieval times by 25%.
- Implemented best practices in **Agile methodologies** to increase team productivity and project delivery timelines.

## Junior Developer

**Company:** Tech Solutions Inc.

**Industry:** Software Development

**Size:** Enterprise

**Duration:** 2010 - 2015

- Contributed to the development of various applications using **JavaScript** and **C++**, focusing on backend services.
  - Assisted in creating documentation and conducting training sessions for new team members on best coding practices.
  - Played a key role in the transition to cloud services using **AWS** and **Azure**, improving system reliability and scalability.
-
