## Summary

Enthusiastic and results-driven software developer with over 5 years of experience in building scalable applications and microservices. Proficient in modern programming languages and development practices, with a strong emphasis on DevOps methodologies. Eager to leverage expertise in FastAPI and AWS to drive innovative solutions while embracing continuous learning opportunities.

---

## Experience

### Software Developer

**Tech Innovations Inc.** - East Kathrynberg

*June 2020 - Present*

- Developed a **Real-time Chat System** using **Vue.js** and **FastAPI**, enhancing user engagement by 40% through improved response times and reliability.
- Spearheaded the migration of legacy applications to a **Microservices Architecture**, reducing deployment times by 60% and improving system scalability.
- Collaborated with cross-functional teams to implement CI/CD pipelines using **Jenkins**, ensuring faster and more reliable deployment workflows.

## Junior Developer

**Creative Solutions LLC** - East Kathrynberg

*January 2018 - May 2020*

- Contributed to the development of an **E-commerce Platform**, implementing key features that increased sales by 25% through enhanced user experience.
  - Assisted in the creation of a **Data Analytics Dashboard** using **Angular** and **Docker**, providing actionable insights that improved business decision-making processes.
  - Participated in code reviews and maintained documentation, fostering a culture of quality and knowledge sharing within the team.
- 

## Skills

- **Git**: Advanced
  - **DevOps**: Expert
  - **Docker**: Intermediate
  - **Vue.js**: Intermediate
  - **Flask**: Beginner
  - **Go**: Beginner
  - **FastAPI**: Expert
  - **Rust**: Advanced
  - **AWS**: Intermediate
  - **Jenkins**: Intermediate
  - **Microservices**: Intermediate
  - **Angular**: Advanced
- 

## Projects

- **Mobile App**: Led the development of a cross-platform mobile application that streamlined user interactions, achieving a 4.7-star rating on app stores.
- **Real-time Chat System**: Designed and implemented a chat system that supports real-time messaging and notifications, integrated with existing user management systems.

- **E-commerce Platform:** Developed a full-stack e-commerce platform that supported multiple payment gateways and improved user experience, resulting in a significant increase in transaction volume.
  - **Data Analytics Dashboard:** Created a dashboard that aggregates data from various sources, enabling stakeholders to visualize trends and make informed decisions.
  - **Microservices Architecture:** Architected and deployed a microservices-based application that improved system reliability and reduced downtime by 30%.
- 

## Education

**Bachelor of Science in Computer Science**  
**East Kathrynberg University** - East Kathrynberg  
*Graduated: May 2017*

---

## Certifications

- **Microsoft Azure Developer**
  - **Google Cloud Professional**
- 

## Additional Information

- Passionate about open-source contributions and actively participate in community-driven projects.
- Constantly pursuing learning opportunities to enhance technical skills and stay updated with industry trends.
