Phone: (726)596-7642x47965

Location: Port Austinfourt

Hourly Rate: \$61/hr

Total Experience: 10 years

Summary

Highly skilled programmer with 10 years of experience in software development, specializing in microservices architecture and data analytics. Proficient in React and Docker, with advanced knowledge in PostgreSQL and Azure. Strong soft skills including conflict resolution, agile methodology, and cross-functional communication.

Education

B.Sc. in Computer Science

ETH Zurich

Rank: #9, GPA: 3.25

Skills

- **React:** Expert (7 years)
 - **JavaScript:** Intermediate (2 years)
 - **PostgreSQL:** Advanced (4 years)
 - **Docker:** Expert (7 years)
 - **Azure:** Advanced (5 years)
-

Soft Skills

- Conflict Resolution
 - Agile Methodology
 - Cross-functional Communication
-

Languages

- English: C2
-

Certifications

- **Certified Kubernetes Administrator**
Score: 990, Expiry: 2027-11-07
-

Experience

Senior Software Engineer

Tech Innovations

Industry: FinTech | Size: Startup

January 2018 - Present

- Developed a **Data Analytics Dashboard** using React and PostgreSQL, improving data visibility for stakeholders. - Led the transition to a **Microservices Architecture**, which increased system scalability and reduced downtime by 30%. - Implemented an **API Gateway** for seamless integration between microservices, enhancing overall system performance.

Full Stack Developer

Creative Solutions Inc.

Industry: E-commerce | Size: Enterprise

June 2015 - December 2017

- Designed and implemented a comprehensive **Content Management System** that

streamlined content delivery for over 500 clients. - Collaborated with cross-functional teams to develop a mobile application, focusing on user experience and performance optimization. - Utilized Docker for containerization, which facilitated continuous integration and deployment processes.

Junior Developer

DataServe Solutions

Industry: SaaS | Size: Startup

April 2013 - May 2015

- Assisted in the development of cloud-based applications, leveraging Azure for deployment and resource management. - Contributed to the development of RESTful APIs, enhancing system interoperability and client integration.
