 - Utilized **MySQL** to optimize database queries, resulting in a 40% performance improvement.
-

Skills

- **PostgreSQL**: Advanced
 - **DevOps**: Advanced
 - **Machine Learning**: Advanced
 - **AWS**: Intermediate
 - **MySQL**: Intermediate
 - **Node.js**: Intermediate
-

Projects

- **Data Analytics Dashboard**: Delivered a comprehensive dashboard for visualizing key metrics. Improved decision-making speed for users by 25%.
 - **Machine Learning Pipeline**: Created an automated pipeline for predictive analytics, which increased forecasting accuracy by 15%.
 - **Payment Processing System**: Developed a secure system that handled transactions for over 10,000 users, maintaining 99.9% uptime.
 - **Content Management System**: Built a flexible CMS used by a diverse range of clients, leading to a 35% reduction in content update times.
 - **Mobile App**: Designed and launched a mobile application that provided real-time updates and notifications, achieving a user satisfaction rate of 90%.
-

Certifications

- **AWS Certified Solutions Architect**
 - **Scrum Master Certification**
 - **Google Cloud Professional**
-

Education

Bachelor of Science in Computer Science

University of Technology, Adamton

Graduated: May 2017

Additional Information

- Passionate about continuous learning and staying updated with industry trends.
- Active contributor to open-source projects and local coding meetups.
- Enjoys mentoring aspiring developers and sharing knowledge through workshops.
