Summary

Enthusiastic and detail-oriented programmer with over 6 years of experience in developing scalable web applications and leveraging cloud technologies. Adept at transforming complex data into actionable insights and building microservices architecture. Passionate about utilizing machine learning to drive innovative solutions and enhance user experiences. Proven track record of delivering projects on time and exceeding client expectations.

Experience

Senior Software Engineer

Tech Innovations Inc. - Andersonfort, CA

June 2020 - Present

- Led the development of a **Data Analytics Dashboard** that improved client reporting efficiency by 30% through real-time data visualization and analysis. - Architected and implemented microservices using **Docker** and **Kubernetes**, resulting in a 40% reduction in deployment times. - Collaborated with cross-functional teams to design and develop an **E-commerce Platform** that increased user engagement by 25% and average order value by 15%. - Mentored junior developers in advanced **Git** practices and **Vue.js** development, fostering a culture of continuous learning.

Software Developer

Innovative Web Solutions - Andersonfort, CA

January 2018 - May 2020

- Developed a scalable **Web Application** using **Django** and **PostgreSQL**, contributing to a 50% increase in user registrations within the first quarter of launch. - Implemented machine learning algorithms to enhance product recommendations, improving customer satisfaction scores by 20%. - Utilized **TypeScript** for front-end development, ensuring robust application architecture and maintainability.

Junior Developer

Future Tech Co. - Andersonfort, CA

August 2016 - December 2017

- Assisted in the development of client-side applications using **Vue.js**, gaining hands-on experience in advanced front-end frameworks. - Worked on database management with **MySQL** and **Redis**, optimizing query performance by 15% through effective indexing strategies.

Skills

- **Vue.js** (Advanced)
 - **Git** (Advanced)
 - **Microservices** (Advanced)
 - **Docker** (Advanced)
 - **MySQL** (Advanced)
 - **Machine Learning** (Advanced)
 - **Django** (Intermediate)
 - **Rust** (Intermediate)
 - **PostgreSQL** (Advanced)
 - **Kubernetes** (Advanced)
 - **Redis** (Intermediate)
 - **TypeScript** (Intermediate)
-

Projects

- **Data Analytics Dashboard:** Designed and built a comprehensive dashboard that integrated multiple data sources, providing actionable insights and improving data-driven decision-making for stakeholders.

- **E-commerce Platform:** Developed a full-stack application that enhanced shopping experience and streamlined payment processing, resulting in a notable increase in customer retention and sales.
 - **Web Application:** Created a user-friendly web application that utilized machine learning for personalized content delivery, significantly boosting user engagement metrics.
-

Certifications

- **Google Cloud Professional**
 - **Scrum Master Certification**
-

Education

Bachelor of Science in Computer Science

Andersonfort University, Andersonfort, CA

Graduated: May 2016
