## Summary

Innovative and detail-oriented software developer with over 6 years of experience in designing, developing, and deploying robust applications. Proficient in a wide range of programming languages and frameworks, with a focus on creating scalable microservices and high-performance applications. Passionate about leveraging technology to solve complex problems and improve user experience. Committed to continuous learning and professional growth.

---

## Experience

### Senior Software Engineer

**Tech Solutions Inc.** - Schneiderfurt, Germany

**January 2020 - Present**

- Developed a **Content Management System** that improved content delivery speed by 30%, utilizing **Python** and **AWS** for backend services.
- Led a team of 5 in designing a **Payment Processing System** that handled over 1 million transactions monthly with a 99.9% uptime.
- Implemented **Kubernetes** for container orchestration, reducing deployment times by 40%.
- Enhanced application performance using **Redis**, resulting in a 50% reduction in response time for data retrieval.

## Software Developer

Innovatech LLC - Schneiderfurt, Germany

June 2017 - December 2019

- Contributed to the development of a **Mobile App** that achieved over 100,000 downloads within the first year, utilizing **React Native** and **TypeScript**.
  - Created an **API Gateway** for seamless integration of microservices, improving system modularity and flexibility.
  - Collaborated with cross-functional teams to design an **E-commerce Platform**, leading to a 25% increase in sales over six months.
- 

## Skills

- **Python:** Advanced
  - **Rust:** Expert
  - **Redis:** Expert
  - **AWS:** Advanced
  - **Microservices:** Advanced
  - **TypeScript:** Advanced
  - **Angular:** Intermediate
  - **React:** Intermediate
  - **Go:** Intermediate
  - **Kubernetes:** Intermediate
  - **Git:** Intermediate
- 

## Projects

- **Content Management System:** Engineered a scalable CMS for a client, enabling them to manage and distribute content efficiently across multiple platforms.
- **Payment Processing System:** Architected a secure and reliable payment solution, integrating with major payment gateways and ensuring compliance with industry standards.
- **Mobile App:** Developed a cross-platform mobile application that streamlined user engagement and improved customer satisfaction.

- **API Gateway:** Designed an API gateway that facilitated communication between various microservices, enhancing the overall architecture and performance.
  - **E-commerce Platform:** Played a key role in creating a user-friendly e-commerce site that supported rapid product listings and transactions, driving significant revenue growth.
- 

## Education

**Bachelor of Science in Computer Science**

**University of Technology - Schneiderfurt, Germany**

**Graduated: May 2017**

---

## Certifications

- **AWS Certified Solutions Architect – Associate**
  - **Certified Kubernetes Application Developer (CKAD)**
  - **Python Institute Certified Entry-Level Python Programmer (PCEP)**
- 

## Personal Interests

- Open-source contributions, particularly in projects involving **Rust** and **Kubernetes**.
- Blogging about software development trends and best practices.
- Participating in hackathons and coding competitions to challenge and refine programming skills.
