## Summary

Passionate and detail-oriented software engineer with a diverse skill set in modern programming languages and cloud technologies. With a strong foundation in DevOps and experience in advanced front-end frameworks, I excel at developing scalable applications and optimizing software delivery processes. Committed to continuous learning and growth, I am eager to contribute to innovative projects and collaborate with dynamic teams.

---

## Experience

### Software Engineer

**Tech Innovators Inc.** - North Philip, NY

*January 2021 - Present*

- Developed and maintained an **E-commerce Platform** which increased user engagement by **30%** and boosted sales by **25%** within the first quarter of launch.
- Collaborated with cross-functional teams to implement CI/CD pipelines using **Jenkins**, reducing deployment time by **40%**.
- Utilized **AWS** services to enhance application performance and ensure high availability, achieving a **99.9%** uptime.

### Junior Developer

**Creative Solutions Corp.** - North Philip, NY

*June 2019 - December 2020*

- Contributed to the development of a **Content Management System** that streamlined content delivery for clients, improving efficiency by **20%**.
- Assisted in

integrating **MongoDB** with existing applications, resulting in improved data retrieval speeds by **15%**. - Gained valuable experience in **DevOps** practices, including automation and monitoring, to enhance development workflows.

---

## Skills

- **Django** (Beginner)
  - **React** (Advanced)
  - **Go** (Intermediate)
  - **AWS** (Expert)
  - **MySQL** (Intermediate)
  - **Rust** (Intermediate)
  - **Machine Learning** (Intermediate)
  - **DevOps** (Advanced)
  - **TypeScript** (Intermediate)
  - **Jenkins** (Expert)
  - **MongoDB** (Advanced)
- 

## Projects

### E-commerce Platform

- Led the front-end development using **React**, creating a user-friendly interface that supports over **10,000** concurrent users.
- Integrated payment gateways ensuring secure transactions and compliance with industry standards.

### Content Management System

- Designed and implemented a backend with **Django**, enabling non-technical users to manage content with ease.
  - Improved loading speeds by **50%** through optimization techniques and effective database management with **MySQL**.
-

# Education

## Bachelor of Science in Computer Science

**University of North Philip** - North Philip, NY

*Graduated: May 2019*

- Completed coursework in Software Engineering, Database Management, and Cloud Computing. - Participated in hackathons and coding competitions, securing a top position in the university coding challenge.

---

## Certifications

- **Google Cloud Professional** - Credentialed in advanced cloud-based architecture and solutions.
