**Location:** Deleonside

---

## Summary

Dynamic and innovative programmer with over 5 years of experience in software development, specializing in full-stack applications and data-driven solutions. Proven track record of delivering high-quality projects on time and within budget. Passionate about utilizing modern technologies to solve complex problems and improve user experience. Seeking to leverage expertise in MongoDB, Flask, and Node.js to contribute to a forward-thinking company.

---

## Experience

### Software Developer

**Tech Innovations Inc.** - Deleonside, UK

*June 2020 - Present*

- Developed and maintained a **Real-time Chat System** using Node.js and MongoDB, enhancing user engagement by 40%.
- Implemented CI/CD pipelines with **Jenkins**, reducing deployment time by 50% and improving code quality through automated testing.
- Collaborated with cross-functional teams to design and build a **Payment Processing System** that processed over 1,000 transactions daily, ensuring compliance with PCI DSS standards.

## Junior Developer

**Creative Solutions Ltd.** - Deleonside, UK

*January 2018 - May 2020*

- Assisted in the development of a **Mobile App** with Flask and React, achieving a 4.8-star rating on the App Store.
  - Contributed to backend API development using Django, improving data retrieval times by 30%.
  - Enhanced user experience by implementing responsive design principles and conducting usability testing.
- 

## Skills

- **MongoDB:** Expert
  - **Flask:** Expert
  - **Node.js:** Expert
  - **Django:** Advanced
  - **Data Science:** Advanced
  - **Python:** Intermediate
  - **C++:** Intermediate
  - **Jenkins:** Expert
  - **React:** Beginner
- 

## Projects

- **Real-time Chat System**

Developed a scalable chat application that supports multiple users and real-time messaging, utilizing Node.js for backend and MongoDB for data storage. Implemented WebSocket for seamless communication.

- **Mobile App**

Designed and built a mobile application that provides users with personalized content based on their preferences. Leveraged Flask for the backend and React Native for the frontend, resulting in a user-friendly interface.

- **Payment Processing System**

Engineered a secure payment processing system that integrates with various payment gateways. Enhanced transaction efficiency and reduced errors, contributing to an overall increase in sales.

---

## Education

### **Bachelor of Science in Computer Science**

**University of Deleonside** - Deleonside, UK

*Graduated: May 2017*

- Relevant Coursework: Data Structures, Algorithms, Web Development, Database Management
- 

## Certifications

- **Certified Kubernetes Administrator**
  - **AWS Certified Solutions Architect**
-
