## Summary

Highly skilled programmer with over 5 years of experience in software development and a strong focus on backend technologies and DevOps practices. Proficient in TypeScript and Docker, with a proven track record of delivering high-quality applications in fast-paced environments. Passionate about leveraging technology to solve complex problems and continuously improve processes.

---

## Experience

### Software Engineer

**Tech Innovators Inc., Norrisport**

*June 2020 - Present*

- **Developed** an **E-commerce Platform** that scaled to handle over 100,000 transactions per month, improving overall sales by 30% within the first year.
- Collaborated with cross-functional teams to implement CI/CD pipelines using **Jenkins** and **Docker**, reducing deployment times by 50%.
- **Optimized** backend services in **Django** and **Node.js**, resulting in a 40% increase in application performance.
- Mentored junior developers in best practices for **TypeScript** and **MongoDB**, fostering a culture of continuous learning.

## Backend Developer

### Creative Solutions Ltd., Norrisport

January 2018 - May 2020

- Played a key role in developing a **Mobile App** that achieved over 20,000 downloads within the first quarter of launch.
  - Implemented **DevOps** strategies that improved release cycles from bi-weekly to weekly, enhancing team productivity.
  - Worked extensively with **Java** and **MongoDB** to build scalable APIs, directly contributing to a 25% reduction in server response times.
  - Assisted in the transition to cloud services, earning the **AWS Certified Solutions Architect** certification in the process.
- 

## Skills

- **TypeScript**: Expert
  - **Docker**: Expert
  - **DevOps**: Advanced
  - **Jenkins**: Advanced
  - **Django**: Advanced
  - **Node.js**: Advanced
  - **Java**: Advanced
  - **MongoDB**: Advanced
  - **FastAPI**: Beginner
  - **Data Science**: Beginner
- 

## Projects

### E-commerce Platform

- Developed a robust e-commerce platform with a seamless user experience, integrating payment gateways and real-time inventory management.
- Achieved a 30% increase in user engagement through effective UI/UX design and optimization techniques.

## Mobile App

- Designed and implemented a mobile application that supports both iOS and Android platforms, focusing on user accessibility and performance.
  - Conducted A/B testing that led to a 15% increase in user retention rates.
- 

## Education

### Bachelor of Science in Computer Science

Norrisport University, Norrisport

*Graduated: May 2017*

- Relevant Coursework: Software Engineering, Data Structures, Web Development, Cloud Computing
- 

## Certifications

- **AWS Certified Solutions Architect**

Earned: August 2020

## Personal Interests

In my spare time, I enjoy contributing to open-source projects, exploring new programming languages, and staying updated with the latest tech trends. I also love hiking and photography, which allow me to express my creativity outside of coding.
