

Beth Shaffer

Email: branchwilliam@example.com

Location: Banksborough

Summary

Dynamic and results-driven programmer with over 5 years of experience specializing in full-stack development and data analytics. Proficient in a variety of technologies and frameworks, with a passion for building scalable applications and optimizing performance. Adept at collaborating with cross-functional teams to deliver high-quality solutions that drive business success.

Experience

Senior Software Engineer

Tech Innovations Inc., Banksborough

March 2021 - Present

- Led the development of a **Data Analytics Dashboard** that processed over 1 million data points daily, improving data retrieval times by 30%.
- Designed and implemented an **API Gateway** using Django, streamlining communication between microservices and enhancing system reliability.
- Collaborated with data scientists to create a **Machine Learning Pipeline**, reducing model training time by 25% through efficient data handling and preprocessing.

Software Developer

Creative Solutions Ltd., Banksborough

June 2018 - February 2021

- Developed a cross-platform **Mobile App** using React Native, achieving over 10,000 downloads within the first month of launch.
- Utilized Git for version control and collaborated on code reviews, enhancing team productivity and code quality.

Implemented DevOps practices that reduced deployment times by 40% and increased system uptime.

Skills

- **Django:** Advanced
 - **React:** Expert
 - **Git:** Expert
 - **Redis:** Intermediate
 - **DevOps:** Intermediate
 - **Data Science:** Intermediate
 - **Angular:** Beginner
-

Projects

- **Data Analytics Dashboard:** Engineered a robust dashboard for real-time data visualization, enabling stakeholders to make informed decisions and enhancing reporting efficiency.
 - **API Gateway:** Developed a secure and scalable API gateway that improved API response time by 50% while managing a high volume of requests.
 - **Machine Learning Pipeline:** Constructed a pipeline that facilitated the seamless integration of machine learning models, resulting in a 20% increase in predictive accuracy.
 - **Mobile App:** Created an engaging mobile application that provided users with personalized content, leading to a 35% increase in user engagement.
-

Certifications

- **Scrum Master Certification**
 - **Docker Certified Associate**
-

Education

Bachelor of Science in Computer Science

University of Banksborough

Graduated: May 2018

- **Relevant Coursework:** Data Structures, Web Development, Machine Learning, Software Engineering

Additional Information

- Passionate about contributing to open-source projects and frequently participate in hackathons to enhance coding skills and network with other tech enthusiasts.
- Actively pursuing further knowledge in cloud technologies and data engineering to stay ahead in the rapidly evolving tech landscape.
