Location: Michellefurt

Summary

Dedicated and results-driven software engineer with over 5 years of experience in developing scalable applications and managing cloud infrastructure. Proficient in modern technologies with a keen interest in optimizing workflows through DevOps practices. Proven track record of successful project delivery in fast-paced environments, focusing on microservices architecture and web applications.

Experience

Senior Software Engineer

Tech Innovations Inc. - Michellefurt, MI

August 2021 - Present

- Led the design and implementation of a **microservices architecture** that reduced application downtime by 30% and improved response time by 25%.
- Collaborated with cross-functional teams to develop a **web application** using **Vue.js** and **FastAPI**, enhancing user experience and increasing user engagement by 40%.
- Spearheaded the migration of legacy systems to **Kubernetes**, facilitating a 50% increase in deployment efficiency.

DevOps Engineer

Cloud Solutions Ltd. - Michellefurt, MI

June 2018 - July 2021

- Developed CI/CD pipelines that decreased deployment time by 70%, enabling faster time-to-market for new features.
- Implemented monitoring and logging

solutions using **Redis** and other tools, improving system reliability and reducing incident response time by 50%. - Worked closely with development teams to integrate **Node.js** applications into cloud environments, fostering a culture of collaboration and continuous improvement.

Software Developer

Innovatech - Michellfurt, MI

January 2016 - May 2018

- Created dynamic web applications utilizing **JavaScript** and **Vue.js**, resulting in a 35% increase in customer satisfaction scores. - Participated in the design and development of a real-time data processing tool with **FastAPI**, which streamlined internal data workflows.

Skills

- **Kubernetes:** Advanced
 - **Redis:** Advanced
 - **DevOps:** Expert
 - **FastAPI:** Intermediate
 - **Vue.js:** Intermediate
 - **Node.js:** Intermediate
 - **JavaScript:** Intermediate
-

Projects

Microservices Architecture

- Designed a robust microservices architecture for a client in the e-commerce sector, allowing for modular development and independent scaling of services. This project resulted in a 20% reduction in operational costs.

Web Application

- Developed a comprehensive web application for a financial services company, integrating real-time analytics and user-friendly interfaces. The

application saw a user adoption rate of over 80% within the first three months of launch.

Certifications

- **Certified Kubernetes Administrator**

Issuing Organization: Cloud Native Computing Foundation

- Date: March 2021

- **Microsoft Azure Developer**

Issuing Organization: Microsoft

- Date: January 2020

Education

Bachelor of Science in Computer Science

University of Michellfurt, Michellfurt, MI

Graduated: May 2015

Additional Information

- Passionate about open-source contributions and actively participating in local tech meetups.
- Committed to continuous learning and staying updated with the latest industry trends and technologies.
