## Summary

Dedicated and results-driven software engineer with over 5 years of experience in developing robust web applications and real-time systems. Proficient in DevOps practices and a strong advocate for cloud solutions, I excel at optimizing performance and scalability. My passion for coding is matched by my commitment to fostering collaborative environments and delivering high-quality software.

---

## Experience

### Senior Software Engineer

**Tech Innovations Inc.** | Christopherport, CA

*June 2020 - Present*

- Led a team of 5 developers in creating a **Web Application** that improved customer engagement by 30%, utilizing **React (Advanced)** and **FastAPI (Advanced)**. - Spearheaded the development of a **Real-time Chat System**, which enhanced user communication efficiency by 50%, leveraging **AWS (Intermediate)** technologies and **MongoDB (Intermediate)** for data management. - Implemented CI/CD pipelines using **Git (Intermediate)** and **DevOps (Advanced)** methodologies, reducing deployment time by 40%.

### Software Developer

**E-Commerce Solutions LLC** | Christopherport, CA

*March 2018 - May 2020*

- Developed an **E-commerce Platform** that achieved a 25% increase in sales within

the first quarter post-launch, integrating **MySQL (Intermediate)** for database management. - Collaborated in a cross-functional team to design a **Mobile App** that increased user retention rates by 15%, using **React (Advanced)** for the frontend. - Enhanced the **Payment Processing System**, ensuring PCI compliance and reducing transaction errors by 20%.

## Skills

- **DevOps:** Advanced
  - **MongoDB:** Intermediate
  - **Rust:** Beginner
  - **AWS:** Intermediate
  - **Git:** Intermediate
  - **React:** Advanced
  - **MySQL:** Intermediate
  - **FastAPI:** Advanced
- 

## Projects

- **Web Application:** Developed a user-friendly interface that increased user satisfaction scores by 35%.
  - **Real-time Chat System:** Architected a scalable solution that supported over 10,000 concurrent users.
  - **E-commerce Platform:** Integrated advanced analytics tools that provided insights leading to a 15% increase in conversion rates.
  - **Mobile App:** Designed with a focus on user experience, resulting in a 4.8-star rating on app stores.
  - **Payment Processing System:** Implemented secure payment gateways, achieving a 99.9% uptime.
- 

## Certifications

- **AWS Certified Solutions Architect**
- **Google Cloud Professional**

---

## Education

### Bachelor of Science in Computer Science

State University | Cityville, CA

*Graduated: May 2017*

- Graduated with Honors, specializing in Software Engineering and Cloud Technologies.
  - Led a capstone project that developed a multi-platform application, earning recognition from faculty for innovation.
- 

## Interests

- Open-source contributions, focusing on **Rust** projects to enhance my skills.
- Attending tech meetups and conferences to stay updated on the latest industry trends.
- Mentoring junior developers and fostering a culture of continuous learning within teams.
