Score: 906, Exp: 2027-06-22
  - **Docker Certified Associate**  
Score: 916, Exp: 2027-03-15
  - **Scrum Master Certification**  
Score: 908, Exp: 2028-05-18
- 

## Experience

---

### Software Developer

#### E-commerce Platform

*Company Size: Startup, Industry: E-commerce*

*Duration: 2 years*

- Developed and maintained a scalable e-commerce platform using Next.js and MongoDB, enabling seamless user experiences and high transaction volume.
- Collaborated closely with UX/UI designers to implement responsive layouts and improve customer engagement.

- Led a team of 4 developers in sprint planning and execution, applying Scrum methodologies to meet project deadlines.

## Data Engineer

### Payment Processing System

*Company Size: Enterprise, Industry: FinTech*

*Duration: 1.5 years*

- Designed and implemented a data analytics dashboard for real-time transaction monitoring, utilizing PyTorch for machine learning algorithms to predict potential fraud.
- Integrated multiple data sources into a unified database using MongoDB, enhancing data accessibility and reporting capabilities.
- Conducted regular code reviews and implemented best practices to ensure high-quality software delivery.

## Frontend Developer

### Mobile App

*Company Size: Startup, Industry: Mobile Applications*

*Duration: 0.5 years*

- Contributed to the development of a mobile application using Angular and Vue.js, focusing on optimizing performance and user interaction.
  - Worked alongside a cross-functional team to gather requirements and deliver features that align with user needs and business goals.
  - Engaged in continuous learning and skill development to stay current with emerging technologies and frameworks.
-
