Location: East Aaron

Summary

Innovative and detail-oriented programmer with over 5 years of experience in developing efficient and scalable software solutions. Expertise in frontend and backend technologies, with a strong focus on cloud infrastructure and microservices architecture. Passionate about leveraging technology to solve complex problems and drive business success. Committed to continuous learning and professional growth in the ever-evolving tech landscape.

Experience

Senior Software Engineer

Tech Innovators Inc., East Aaron

June 2021 - Present

- Led the development of a **Data Analytics Dashboard**, providing real-time insights to over 10,000 users, which improved decision-making processes by 30%. -

Designed and implemented microservices architecture using **Kubernetes** and **Docker**, resulting in a 40% reduction in deployment times. - Collaborated with cross-functional teams to integrate **FastAPI** for a seamless API experience, enhancing service reliability and performance.

Software Developer

NextGen Solutions, East Aaron

January 2019 - May 2021

- Developed a **Mobile App** that achieved over 50,000 downloads within the first three

months of launch, featuring a user-friendly interface built with **Vue.js**. - Improved application performance by optimizing backend services with **Python** and PostgreSQL, leading to a 25% increase in response time. - Implemented CI/CD pipelines using **Git** and **DevOps** practices, enhancing collaboration and reducing bugs in production by 15%.

Junior Developer

Creative Tech Co., East Aaron

July 2017 - December 2018

- Assisted in the development and maintenance of web applications, utilizing **Rust** for performance-critical components. - Gained foundational experience in **PostgreSQL** and contributed to database design and optimization tasks. - Participated in Agile team meetings and contributed to sprint planning and retrospectives.

Skills

- **Docker:** Intermediate
 - **DevOps:** Advanced
 - **Vue.js:** Expert
 - **Python:** Intermediate
 - **Microservices:** Advanced
 - **Data Science:** Advanced
 - **FastAPI:** Advanced
 - **Kubernetes:** Expert
 - **PostgreSQL:** Beginner
 - **Rust:** Advanced
 - **Git:** Advanced
-

Projects

- **Mobile App:** Developed a cross-platform mobile application that streamlined user engagement and increased retention rates by 20%.
- **Data Analytics Dashboard:** Created a comprehensive dashboard for visualizing large datasets, enabling actionable insights and strategic planning for business stakeholders.

Education

Bachelor of Science in Computer Science

University of East Aaron

Graduated: May 2017

- Graduated with Honors, specializing in Software Engineering.

Certifications

- **Certified Kubernetes Administrator**
 - **Google Cloud Professional**
-

Additional Information

- Passionate about open source contributions and regularly participate in community projects.
- Enjoys mentoring junior developers and facilitating knowledge-sharing sessions within teams.
