Summary

Detail-oriented and passionate programmer with over 5 years of experience in web development and data science. Proven track record of delivering high-quality software solutions using advanced technologies such as Django and Vue.js. Adept at collaborating with cross-functional teams to design and implement innovative applications that enhance user experiences and drive business growth.

Experience

Senior Software Engineer

Tech Innovations Inc., Stewartview

June 2021 - Present

- Led the development of a **Data Analytics Dashboard** that improved data visibility for clients, resulting in a 30% increase in user engagement.
- Architected a **Machine Learning Pipeline** that reduced data processing time by 40%, leveraging advanced microservices for scalability.
- Collaborated with the UI/UX team to design a responsive web application using **Django** and **Vue.js**, enhancing the overall user experience.

Software Developer

NextGen Solutions, Stewartview

January 2018 - May 2021

- Developed and maintained web applications using **Flask** and **Django**, contributing to a 25% increase in project delivery speed.
- Implemented microservices architecture to streamline application deployments, leading to a 20% reduction in

downtime. - Conducted data analysis and visualization projects, utilizing **Data Science** techniques to derive actionable insights from complex datasets.

Skills

- **Django:** Advanced
 - **Vue.js:** Advanced
 - **Microservices:** Advanced
 - **Flask:** Intermediate
 - **Data Science:** Intermediate
-

Projects

Data Analytics Dashboard

- Developed a comprehensive dashboard using Django and Vue.js, enabling users to visualize key metrics and trends. This tool was adopted by 15 clients within the first quarter of launch.

Machine Learning Pipeline

- Designed and implemented a robust machine learning pipeline that automated data processing and model training, decreasing time-to-insight from weeks to days.

Web Application

- Created a fully responsive web application for an e-commerce platform, integrating payment gateways and enhancing user experience through advanced front-end technologies.

Education

Bachelor of Science in Computer Science

Stewartview University, Stewartview

Graduated: May 2017

- Graduated with honors, maintaining a GPA of 3.8/4.0. Completed coursework focused on software development, data science, and web technologies.

Certifications

- **Certified Django Developer** – Django Software Foundation, 2022
 - **Vue.js Mastery Certification** – Vue School, 2023
 - **Data Science Professional Certificate** – Coursera, 2021
