- **Email:** lisa95@example.org
  - **Phone:** 758.483.3342
  - **Location:** Thomasbury
  - **Hourly Rate:** \$64/hr
  - **Total Experience:** 9 years
- 

## Summary

---

Innovative programmer with 9 years of experience in developing robust applications and systems. Skilled in problem solving, cross-functional communication, and adaptable to evolving technologies and methodologies. Proficient in Agile methodologies, ensuring efficient project management and delivery.

---

## Education

---

### PhD in Artificial Intelligence

Warsaw University of Technology

- **Rank:** #50
  - **GPA:** 3.72
- 

## Skills

---

- **React:** Intermediate (2 yrs)
- **Next.js:** Expert (7 yrs)
- **Angular:** Intermediate (3 yrs)
- **PyTorch:** Expert (9 yrs)
- **Machine Learning:** Advanced (6 yrs)
- **Kubernetes:** Advanced (5 yrs)

- **Terraform:** Intermediate (2 yrs)
- 

## Soft Skills

---

- Problem Solving
  - Cross-functional Communication
  - Agile Methodology
  - Adaptability
- 

## Languages

---

- English (C2)
  - French (B1)
  - Polish (C2)
- 

## Experience

---

### Senior Software Engineer

**Tech Solutions Inc.** (FinTech, Enterprise)

*2018 - Present*

- Led the development of a **Web Application** for a payment processing system, increasing transaction speed by 30%. - Implemented **Microservices Architecture** to enhance system scalability and maintainability. - Collaborated with cross-functional teams to deliver features in an Agile environment, improving delivery timelines by 25%.

### Software Developer

**Innovatech** (Startup)

*2015 - 2018*

- Developed and maintained a robust **Payment Processing System** using Next.js and Kubernetes, handling over 1 million transactions monthly. - Utilized PyTorch for machine learning algorithms that improved fraud detection rates by 40%. - Engaged

in Agile practices to ensure continuous integration and delivery, leading to a significant reduction in bugs and downtime.

## Junior Developer

### CodeCrafters (Startup)

2014 - 2015

- Assisted in building frontend components using React and Angular for various client projects. - Conducted thorough testing and debugging, contributing to the overall improvement of application performance.
