Hourly Rate: \$104/hr

Total Experience: 13 years

Summary

Dedicated programmer with 13 years of experience in software development. Proficient in problem-solving and conflict resolution, with strong cross-functional communication skills. Experienced in Agile methodology and public speaking, effectively translating technical concepts for diverse audiences.

Education

M.Sc. in Software Engineering

Massachusetts Institute of Technology (MIT)

Rank: #1, GPA: 3.28

Skills

- **Data Science:** Beginner (1 year)
 - **PyTorch:** Expert (8 years)
 - **Redis:** Expert (13 years)
-

Soft Skills

- Conflict Resolution
 - Cross-functional Communication
 - Problem Solving
 - Agile Methodology
 - Public Speaking
-

Languages

- English (C1)
 - German (B1)
 - Spanish (B2)
-

Certifications

- **Docker Certified Associate**
Score: 821, Expiration: 2026-08-20
-

Experience

Senior Software Engineer

E-commerce Solutions Inc. (E-commerce, Enterprise)

January 2019 - Present

- Led the development of a robust **E-commerce Platform** using PyTorch, enhancing user engagement by 40%.
- Designed and implemented an **API Gateway** to streamline communication between microservices, improving system reliability and scalability.
- Collaborated with cross-functional teams to integrate a **Payment Processing System**, ensuring PCI compliance and enhancing transaction security.

Software Developer

Innovative Tech Startup (FinTech, Startup)

June 2015 - December 2018

- Developed a **Machine Learning Pipeline** that analyzed user data to personalize financial advice, increasing customer retention by 25%.
- Worked closely with stakeholders to define requirements and deliver a high-quality **Mobile App** for budgeting and expense tracking.
- Utilized Redis for caching to optimize system performance, resulting in a 30% reduction in response times.

Junior Programmer

Tech Solutions Ltd. (Software Development, Enterprise)

August 2010 - May 2015

- Assisted in the development of various software applications, focusing on backend services and database management.
 - Contributed to team efforts in Agile sprints, participating in daily stand-ups and retrospectives to enhance project delivery.
 - Gained foundational knowledge in data science and machine learning techniques through hands-on project experience.
-
