No certifications listed.

Experience

Software Developer

Tech Innovations

Industry: FinTech | Size: Startup

January 2020 - Present (3 years)

- Developed a robust **API Gateway** that streamlined data access for various microservices, enhancing system performance and reliability. - Collaborated with cross-functional teams to implement a **Real-time Chat System**, improving customer support response times by 40%. - Utilized Node.js and Redis to optimize backend processes, resulting in a 30% reduction in latency.

Junior Programmer

Creative Solutions LLC

Industry: E-commerce | Size: Enterprise

June 2018 - December 2019 (1.5 years)

- Assisted in the development of scalable web applications using Node.js, focusing

on user experience and performance. - Participated in Agile sprints, contributing to team efforts in delivering high-quality software solutions within tight deadlines. - Engaged in mentoring new interns, providing guidance on coding best practices and project workflows.

Intern Software Engineer

Future Tech Corp

Industry: SaaS | Size: Startup

January 2018 - May 2018 (5 months)

- Supported the development team in building interactive web applications, gaining hands-on experience with various technologies including AWS and Azure. -
- Conducted research on machine learning algorithms, contributing to the design phase of several upcoming projects.
