- **Python:** Beginner (1 yr)
- **React:** Expert (7 yrs)
- **TypeScript:** Advanced (4 yrs)
- **JavaScript:** Expert (10 yrs)
- **PyTorch:** Advanced (5 yrs)
- **Redis:** Expert (8 yrs)
- **PostgreSQL:** Expert (9 yrs)
- **Git:** Advanced (4 yrs)

- **Jenkins:** Advanced (5 yrs)
 - **AWS:** Beginner (1 yr)
-

Soft Skills

- Agile Methodology
 - Conflict Resolution
 - Public Speaking
 - Strategic Planning
 - Mentoring
-

Languages

- **English:** C1
 - **German:** B2
 - **French:** B1
-

Certifications

Google Cloud Professional

Score: 878, Expiration: 2027-12-24

Experience

Senior Software Engineer

Company: Tech Innovations Inc.

Industry: FinTech

Size: Startup

Duration: 2018 - Present

- Developed a **Real-time Chat System** for financial advisors, increasing user engagement by 30%.

- Designed a **Microservices Architecture** that improved system scalability and reduced downtime by 20%.
- Led a team of 5 in implementing an **API Gateway** to streamline communication between services.

Software Engineer

Company: Creative Solutions LLC

Industry: E-commerce

Size: Enterprise

Duration: 2013 - 2018

- Built a robust **Content Management System** that supported over 10,000 concurrent users.
 - Collaborated with cross-functional teams to create a **Mobile App** that enhanced customer experience and increased sales by 25%.
 - Utilized **PostgreSQL** and **Redis** for data storage and caching, optimizing performance significantly.
-

Projects

- **Real-time Chat System:** Implemented using React and WebSocket for seamless communication.
- **Content Management System:** Developed a user-friendly interface with TypeScript and integrated with backend services.
- **Microservices Architecture:** Architected a system to handle various business services independently.
- **Mobile App:** Designed and implemented a mobile platform for e-commerce transactions.
- **API Gateway:** Created a unified entry point for microservices ensuring security and routing efficiency.
