Hourly Rate: \$116/hr

Total Experience: 13 years

Summary

Experienced programmer with 13 years in software development, specializing in Data Science, Git, and Kubernetes. Proficient in problem-solving, cross-functional communication, conflict resolution, and Agile methodologies, including Scrum.

Education

M.Sc. in Software Engineering

University of Oxford

- **Rank:** #5

- **GPA:** 3.37

Skills

- **Data Science:** Expert (11 years)
 - **Git:** Advanced (5 years)
 - **Kubernetes:** Advanced (5 years)
-

Soft Skills

- Problem Solving
 - Cross-functional Communication
 - Conflict Resolution
 - Agile Methodology
 - Scrum
-

Languages

- English: C2
-

Certifications

- **Docker Certified Associate**
 - Score: 881
 - Expiration: 2026-01-23
 - **Google Cloud Professional**
 - Score: 976
 - Expiration: 2026-02-23
-

Experience

Senior Software Engineer

Tech Solutions Inc.

Industry: FinTech | *Size:* Enterprise

Year: 2018 - Present

- Developed and maintained an **API Gateway** that improved system integration and reduced response times by 30%.
- Led a team to build a **Machine Learning Pipeline** for predictive analytics, which increased the accuracy of financial forecasts by 25%.
- Collaborated with cross-functional teams to design and launch a **Mobile App** that enhanced customer engagement and service delivery.

Software Developer

Innovatech

Industry: HealthTech | *Size:* Startup

Year: 2015 - 2018

- Engineered a robust **Web Application** for patient management that streamlined processes and improved data accessibility for healthcare providers.
- Implemented version control practices using Git, ensuring efficient collaboration and code quality among team members.
- Utilized Kubernetes for container orchestration, which optimized deployment cycles and resource management.

Junior Programmer

CodeCraft

Industry: E-commerce | *Size:* Startup

Year: 2010 - 2015

- Assisted in developing various backend services for e-commerce platforms, focusing on performance optimization and user experience.
- Gained hands-on experience with Git for version control and collaborated on multiple projects, enhancing team communication and workflows.
- Contributed to projects involving data analysis and visualization to support business decisions.
