## Summary

Passionate and results-driven software developer with over 5 years of experience in designing and implementing innovative software solutions. Proficient in a variety of programming languages and frameworks, with a strong focus on building scalable applications and data-driven projects. Adept at collaborating with cross-functional teams to deliver high-quality products on time.

---

## Experience

### Senior Software Developer

**Tech Innovations Inc.**, Amberberg

*June 2021 - Present*

- Led the development of a **Data Analytics Dashboard** that increased data retrieval efficiency by 30%, utilizing **Advanced Python** and **React** to create a user-friendly interface.
- Collaborated with a team of 5 to build a **Payment Processing System**, achieving PCI compliance and reducing transaction errors by 15%.
- Mentored junior developers in **TypeScript** and **Rust**, fostering a culture of continuous learning and knowledge sharing.

### Software Engineer

**Creative Solutions LLC**, Amberberg

*January 2019 - May 2021*

- Developed a **Content Management System** that improved content publishing speed by 40% through the use of **Advanced JavaScript** and **React**.
- Implemented

a **Machine Learning Pipeline** which enhanced predictive analytics capabilities, leading to a 25% increase in customer engagement metrics. - Participated in agile ceremonies as a certified Scrum Master, improving team productivity by effectively managing sprints and backlogs.

## Junior Developer

**StartUp Hub**, Amberberg

*June 2017 - December 2018*

- Assisted in the development of web applications using **Intermediate JavaScript** and **Go**, contributing to a project that doubled user retention rates. - Conducted code reviews and provided constructive feedback, improving overall code quality and reducing bugs by 20%.

---

## Skills

- **C++** (Advanced)
  - **TypeScript** (Advanced)
  - **React** (Advanced)
  - **Python** (Advanced)
  - **JavaScript** (Intermediate)
  - **Rust** (Intermediate)
  - **Go** (Intermediate)
  - **Data Science** (Intermediate)
- 

## Projects

- **Data Analytics Dashboard**

Developed a dashboard that visualizes key business metrics, leading to data-driven decision-making and a 30% improvement in operational efficiency.

- **Payment Processing System**

Engineered a secure and reliable payment processing system that supports various payment methods, resulting in a 15% decrease in transaction errors.

- **Content Management System**

Created a robust CMS that streamlined content workflows, enabling the marketing team to publish updates 40% faster.

- **Machine Learning Pipeline**

Designed and implemented a machine learning pipeline for predictive analytics, enhancing customer engagement through targeted marketing strategies.

---

## Certifications

- **Certified Kubernetes Administrator**
  - **Scrum Master Certification**
  - **AWS Certified Solutions Architect**
- 

## Education

### **Bachelor of Science in Computer Science**

**Amberberg University**, Amberberg

*Graduated: May 2017*

- Relevant Coursework: Data Structures, Algorithms, Software Engineering, Machine Learning
