Summary

Dynamic and results-oriented programmer with over 5 years of experience in designing and implementing software solutions. Proficient in a variety of programming languages and frameworks, with a strong focus on building scalable and efficient applications. Demonstrated ability to lead projects and collaborate with cross-functional teams to deliver high-quality products. Passionate about leveraging technology to solve real-world problems and improve user experiences.

Experience

Senior Software Engineer

Tech Innovators Inc. – Lake Thomasfort, TX

July 2021 – Present

- Developed and maintained a **real-time chat system** that improved user engagement by 30% using **JavaScript** and **React**.
- Led a team of 5 developers to implement a **microservices architecture** for an e-commerce platform, resulting in a 25% reduction in load times.
- Spearheaded the integration of **Data Science** techniques into product recommendations, increasing conversion rates by 15%.
- Utilized **FastAPI** for building and deploying RESTful APIs, enhancing system performance and scalability.

Software Developer

Web Solutions Co. – Lake Thomasfort, TX

January 2019 – June 2021

- Collaborated on a **content management system** project that streamlined content creation and publication processes, cutting down manual effort by 40%.
- Designed and implemented web applications using **Angular** and **Java**, improving user satisfaction scores by 20%.
- Conducted code reviews and mentored junior developers on best practices in **Git** and collaborative coding.

Junior Developer

Bright Future Technologies – Lake Thomasfort, TX

June 2017 – December 2018

- Assisted in the development of a **web application** for local businesses, utilizing **C++**, **Python**, and **MySQL**.
 - Participated in Agile development practices, contributing to sprint planning and retrospectives as part of a certified **Scrum Master** team.
-

Skills

- **Java**: Expert
 - **JavaScript**: Advanced
 - **React**: Intermediate
 - **Angular**: Advanced
 - **Python**: Intermediate
 - **C++**: Intermediate
 - **TypeScript**: Intermediate
 - **MySQL**: Intermediate
 - **MongoDB**: Intermediate
 - **FastAPI**: Intermediate
 - **Data Science**: Advanced
 - **Git**: Intermediate
-

Projects

- **E-commerce Platform:** Led the development of a feature-rich e-commerce site, increasing sales by 20% within the first quarter of launch.
 - **Web Application:** Created a responsive web application for managing local events, enhancing community interaction.
 - **Microservices Architecture:** Designed a microservices framework for a financial application, improving deployment times by 50%.
 - **Real-time Chat System:** Architected a scalable chat application that supports thousands of concurrent users with minimal latency.
 - **Content Management System:** Developed a user-friendly CMS that allows non-technical users to manage website content effortlessly.
-

Certifications

- **Scrum Master Certification** – Certified by Scrum Alliance, 2020
-

Education

Bachelor of Science in Computer Science

Lake Thomasfort University – Lake Thomasfort, TX

Graduated: May 2017
