## Experience

---

### Software Developer

**Tech Solutions Inc.** (FinTech, Startup)

*June 2022 – Present*

- Developed a **Data Analytics Dashboard** that streamlined data visualization for financial metrics, improving user engagement by 30%.

- Collaborated with cross-functional teams to implement an API Gateway, enhancing system integration and performance.
- Utilized Node.js and TypeScript to build robust backend services and ensure seamless data transactions.

## **Junior Web Developer**

**Innovatech** (E-commerce, Enterprise)

*July 2021 – May 2022*

- Contributed to the development of a customer-friendly web application using React and Django, resulting in a 25% increase in online sales.
- Assisted in the migration of the database to PostgreSQL, improving data retrieval speed and reliability.
- Participated in daily Scrum meetings, fostering effective communication and project tracking among team members.
