**Location:** New Joel

---

## Summary

Passionate and detail-oriented software developer with over 5 years of experience in building scalable and efficient applications. Proficient in **Java** and **React**, with a strong foundation in **PostgreSQL** and **Flask**. Adept at collaborating with cross-functional teams to deliver high-quality software solutions. Committed to continuous learning and applying best practices in **DevOps** and **Data Science**.

---

## Experience

### Senior Software Developer

**Tech Innovations Inc.** - New Joel, NY

*June 2020 - Present*

- Led the development of an **API Gateway**, reducing response time by 30% through efficient routing and load balancing.
- Collaborated with a team of 5 developers to implement a **Mobile App** using **React**, resulting in a 25% increase in user engagement.
- Utilized **Docker** to containerize applications, streamlining the deployment process and improving scalability.
- Mentored junior developers in **Flask** and **Redis**, enhancing team productivity and knowledge sharing.

## Software Developer

**Creative Solutions LLC** - New Joel, NY

*January 2018 - May 2020*

- Developed and maintained microservices architecture for various applications, improving system resilience and maintainability.
  - Enhanced existing applications by integrating **PostgreSQL** and optimizing queries, leading to a 40% performance increase.
  - Implemented CI/CD pipelines as part of the **DevOps** strategy, reducing deployment times from hours to minutes.
- 

## Skills

- **PostgreSQL**: Expert
  - **Java**: Advanced
  - **React**: Advanced
  - **Flask**: Advanced
  - **Redis**: Advanced
  - **Microservices**: Intermediate
  - **Go**: Intermediate
  - **Docker**: Intermediate
  - **DevOps**: Intermediate
  - **FastAPI**: Beginner
  - **TypeScript**: Beginner
  - **Data Science**: Intermediate
- 

## Projects

### API Gateway

- Designed and implemented an API Gateway that handles over 10,000 requests per minute, ensuring high availability and security.
- Integrated various microservices, enhancing the system's modularity and ease of maintenance.

## Mobile App

- Developed a cross-platform mobile application using **React Native**, achieving a user satisfaction rate of 95% based on feedback.
  - Collaborated with UX/UI designers to create intuitive interfaces, increasing the app's download rate by 50%.
- 

## Education

### Bachelor of Science in Computer Science

**New Joel University** - New Joel, NY

*Graduated: May 2017*

- Completed coursework in Data Structures, Algorithms, and Software Engineering.
  - Participated in hackathons, winning 2nd place in the state-level coding challenge.
- 

## Certifications

- **Certified Java Developer** - Oracle, 2021
  - **React Development Certification** - Codecademy, 2020
  - **Docker Essentials** - IBM, 2019
- 

## Interests

- Open-source contributions
  - Machine learning and data analytics
  - Tech meetups and community building
-
