Location: Rodriguezburgh

Summary

Passionate and detail-oriented software developer with over 5 years of experience in building scalable applications and efficient APIs. Proficient in a variety of programming languages and frameworks, with a strong emphasis on cloud computing and machine learning. Recognized for delivering high-quality solutions that enhance user experience and drive business growth. Seeking to leverage my skills in a challenging programming role.

Experience

Senior Software Engineer

Tech Innovations Inc., Rodriguezburgh

June 2021 – Present

- Led a team of 5 developers in creating an **API Gateway** that reduced response time by 30%, improving overall system performance.
- Designed and implemented a **Content Management System** using FastAPI, enabling seamless content updates and integrations for over 100 clients.
- Collaborated with cross-functional teams to enhance application functionality and user engagement, resulting in a 20% increase in customer satisfaction scores.

Software Developer

NextGen Solutions, Rodriguezburgh

January 2018 – May 2021

- Developed and maintained multiple microservices using **Go** and **Docker**, contributing to a robust and scalable architecture.
- Integrated **Redis** for caching,

which improved data retrieval speeds by 40%, significantly boosting application efficiency. - Played a key role in the development of a **Mobile App** that garnered 10,000+ downloads in its first month, receiving a 4.8-star rating on app stores.

Skills

- **Go**: Advanced
 - **C++**: Advanced
 - **Docker**: Advanced
 - **Machine Learning**: Advanced
 - **AWS**: Advanced
 - **FastAPI**: Intermediate
 - **Redis**: Intermediate
 - **Rust**: Beginner
 - **TypeScript**: Beginner
-

Projects

API Gateway

- Developed a high-performance API Gateway that streamlined requests to backend services, achieving a 30% reduction in average response time.

Content Management System

- Built a scalable CMS with FastAPI, enabling users to easily manage and publish content, ultimately increasing user engagement by 25%.

Mobile App

- Led the development of a cross-platform mobile application that improved client retention rates by 15%, with a focus on user-centric design and functionality.

Certifications

- **Microsoft Azure Developer**

Gained expertise in developing and managing applications on the Azure platform, enhancing cloud deployment skills.

Education

Bachelor of Science in Computer Science

Rodriguezburgh University

Graduated: May 2017

- Relevant Coursework: Data Structures, Cloud Computing, Machine Learning, Software Engineering
