Summary

Detail-oriented and innovative programmer with over 5 years of experience in software development and data science. Proficient in creating scalable applications and data-driven solutions. A strong advocate of Agile methodologies, leveraging a Scrum Master Certification to optimize team performance. Committed to continuous learning and utilizing the latest technologies to drive efficiency and effectiveness.

Experience

Senior Software Developer

Tech Innovations Inc., Krystalshire

June 2021 - Present

- Led development of a **Data Analytics Dashboard** that improved data processing speed by 30%, enabling stakeholders to make informed decisions swiftly.
- Collaborated on a cross-functional team to implement microservices architecture, which reduced deployment time by 40%.
- Utilized **Node.js** and **Kubernetes** to enhance application scalability, resulting in a 25% increase in user engagement.

Software Engineer

Creative Solutions Ltd., Krystalshire

January 2019 - May 2021

- Developed a **Mobile App** that achieved over 10,000 downloads within the first three months of launch, utilizing **React** and **Flask** for seamless user experience.
- Contributed to the team's shift to Agile practices, improving project delivery timelines

by 20%. - Employed **Redis** to optimize data storage and retrieval, enhancing application performance by 15%.

Junior Developer

NextGen Technologies, Krystalshire

June 2017 - December 2018

- Assisted in the development of internal tools using **C++** and **Angular**, which streamlined operations and increased productivity by 10%. - Participated in code reviews and contributed to the enhancement of the existing codebase, improving maintainability and readability.

Skills

- **Data Science:** Expert
 - **Node.js:** Advanced
 - **Kubernetes:** Advanced
 - **Redis:** Intermediate
 - **React:** Intermediate
 - **Flask:** Intermediate
 - **Angular:** Intermediate
 - **C++:** Intermediate
 - **Microservices:** Beginner
-

Projects

Data Analytics Dashboard

- Developed a comprehensive dashboard for analyzing key performance metrics, which helped reduce decision-making time for executives by half. Utilized **Node.js** and **Kubernetes** to build a responsive and scalable web application.

Mobile App

- Designed and implemented a mobile application that facilitated user engagement and interaction, leading to a 40% increase in customer satisfaction ratings. The app was built using **React** and **Flask**, showcasing my ability to integrate front-end and back-end technologies effectively.
-

Certifications

- **Scrum Master Certification** - Agile Alliance, 2020
-

Education

Bachelor of Science in Computer Science

Krystalshire University, Krystalshire

Graduated: May 2017

- Graduated with Honors, focusing on software development and data analysis.
Conducted a research project on machine learning algorithms, receiving recognition for innovative approaches to data classification.
