

# Wendy Mays

---

**Email:** medinalinda@example.net

**Location:** Rosschester

---

## Summary

Dynamic and detail-oriented programmer with over 5 years of experience in software development and data science. Adept at leveraging advanced skills in **Vue.js** and **DevOps** to create innovative solutions that enhance user experience and streamline operations. Passionate about machine learning and data analytics, with a proven track record of delivering projects on-time and exceeding client expectations.

---

## Experience

### Senior Software Developer

**Tech Innovations Inc.** - Rosschester, NY

*June 2020 - Present*

- Spearheaded the development of a **Real-time Chat System** using **Vue.js**, boosting user engagement by 30% through enhanced functionality and UI design.
- Led a team of 5 in deploying a **Data Analytics Dashboard** that improved data reporting efficiency by 40%, utilizing **MongoDB** and advanced data visualization techniques.
- Implemented CI/CD pipelines using **Jenkins** and **Docker**, reducing deployment time by 50% and increasing overall productivity.

## Software Engineer

**Data Solutions Corp.** - Rosschester, NY

January 2018 - May 2020

- Developed a cross-platform **Mobile App** that achieved 10,000+ downloads in the first three months, leveraging **Rust** for performance and **Kubernetes** for scalable deployment.
  - Collaborated with data scientists to integrate **Machine Learning** models into existing applications, resulting in a 25% increase in predictive analytics accuracy.
  - Enhanced application performance through **DevOps** practices, optimizing server response times by 30%.
- 

## Skills

- **Vue.js** - Expert
  - **Data Science** - Advanced
  - **Rust** - Advanced
  - **Python** - Intermediate
  - **DevOps** - Expert
  - **C++** - Beginner
  - **Jenkins** - Advanced
  - **MongoDB** - Advanced
  - **Kubernetes** - Advanced
  - **Machine Learning** - Expert
  - **Docker** - Intermediate
- 

## Projects

### Real-time Chat System

- Developed a responsive chat application that supports real-time messaging and notifications, significantly enhancing user interaction.

## Mobile App

- Created a feature-rich mobile application focused on user engagement and accessibility, utilizing **Rust** for back-end services.

## Data Analytics Dashboard

- Designed a comprehensive dashboard for visualizing complex datasets, enabling stakeholders to make informed decisions quickly.
- 

## Certifications

- **Scrum Master Certification** - Certified in agile project management methodologies to deliver projects efficiently.
  - **Microsoft Azure Developer** - Demonstrated expertise in developing cloud-based applications and services on the Azure platform.
- 

## Education

### Bachelor of Science in Computer Science

**University of Rosschester** - Rosschester, NY

*Graduated: May 2017*

- Relevant Coursework: Data Structures, Algorithms, Web Development, Machine Learning.
- 

## Personal Projects

- Developed a personal blog using **Vue.js** and **Python** for backend management, showcasing programming tutorials and project case studies.
  - Contributed to open-source projects on **GitHub**, focusing on **Machine Learning** algorithms and **DevOps** tools.
-
