**Location:** Schwartzview

---

## Summary

Dynamic and detail-oriented programmer with over 5 years of experience in software development and data science. Proven ability to leverage expertise in microservices and web frameworks to deliver high-quality software solutions. Passionate about utilizing data-driven approaches to enhance decision-making processes and optimize user experiences.

---

## Experience

### Software Engineer

**Tech Innovations Inc.** - Schwartzview, ST

*June 2021 - Present*

- Developed a **Content Management System** that improved content delivery speed by **30%**, enhancing user engagement metrics. - Collaborated with cross-functional teams to design and implement **microservices architecture**, which led to a **50% reduction** in deployment time. - Utilized **FastAPI** to streamline backend processes, resulting in improved API response times and system scalability.

### Data Scientist

**Data Insights Co.** - Schwartzview, ST

*January 2019 - May 2021*

- Designed and launched a **Data Analytics Dashboard** that provided real-time insights, increasing data accessibility for non-technical stakeholders by **40%**. - Employed advanced data science techniques, leading to actionable insights that

drove a **15% increase** in operational efficiency. - Conducted training sessions on data visualization tools, improving team proficiency and fostering a data-centric culture.

## Junior Developer

**Web Solutions LLC** - Schwartzview, ST

*July 2017 - December 2018*

- Assisted in the development of web applications using **Vue.js** and **Flask**, contributing to projects that served over **10,000 active users**. - Gained hands-on experience in Agile methodologies and participated in daily stand-ups and sprint planning as part of a Scrum team.

---

## Skills

- **JavaScript:** Intermediate
  - **Go:** Intermediate
  - **Data Science:** Advanced
  - **Vue.js:** Intermediate
  - **Microservices:** Advanced
  - **FastAPI:** Expert
  - **Flask:** Advanced
- 

## Projects

### Content Management System

- Led a team of developers in the design and implementation of a CMS that supports various content types and integrates with existing databases.
- Implemented user roles and permissions, enhancing security and user experience.

## Data Analytics Dashboard

- Developed a comprehensive dashboard that aggregates data from multiple sources, providing stakeholders with key performance indicators and analytics.
  - Utilized machine learning algorithms to predict trends, which informed strategic business decisions.
- 

## Certifications

- **Scrum Master Certification** - Scrum Alliance, 2020
  - **Certified Kubernetes Administrator** - Cloud Native Computing Foundation, 2021
- 

## Education

### Bachelor of Science in Computer Science

*Schwartzview University* - Schwartzview, ST

*Graduated: May 2017*

- Relevant Coursework: Data Structures, Algorithms, Software Engineering, Database Management
