Location: Lake Ryan

Hourly Rate: \$67/hr

Total Experience: 9 years

---

## Education

---

### B.Sc. in Computer Science

Technical University of Munich

Rank: #20, GPA: 3.73

---

## Skills

---

- **C++** (Beginner, 1 year)
  - **Spring Boot** (Intermediate, 2 years)
  - **Python** (Beginner, 1 year)
  - **TypeScript** (Advanced, 6 years)
  - **MongoDB** (Advanced, 6 years)
  - **PyTorch** (Advanced, 4 years)
  - **Data Science** (Advanced, 5 years)
  - **Docker** (Advanced, 5 years)
- 

## Soft Skills

---

- Agile Methodology
- Cross-functional Communication
- Strategic Planning

- Problem Solving
  - Adaptability
- 

## Languages

---

- English: C2
  - Polish: Native
- 

## Certifications

---

- AWS Certified Solutions Architect

Score: 933, Exp: 2026-06-21

- Scrum Master Certification

Score: 764, Exp: 2026-09-07

---

## Summary

---

Results-driven programmer with **9 years** of experience in software development, specializing in TypeScript, MongoDB, and Data Science. Demonstrated expertise in Agile Methodology and cross-functional communication, with a strong ability to adapt and solve complex problems.

---

## Experience

---

### Software Engineer

Tech Innovations Inc. | FinTech | Startup

January 2020 - Present

- Developed a **Payment Processing System** that handles over 100,000 transactions daily, improving transaction speed by 30%. - Collaborated with cross-functional teams to implement an **Agile** project management framework, enhancing team

productivity by 25%. - Utilized **TypeScript** and **MongoDB** to create a **Data Analytics Dashboard** that provides real-time insights into financial data.

## Full Stack Developer

**Creative Solutions LLC** | E-commerce | Enterprise

*June 2016 - December 2019*

- Designed and implemented a **Content Management System** that increased content delivery efficiency by 40%. - Employed **Docker** for containerization, streamlining the deployment process across multiple environments. - Led the development of a **Real-time Chat System** using **Spring Boot**, resulting in a 50% improvement in customer engagement.

## Data Scientist

**Future Tech Corp.** | Technology | Startup

*March 2014 - May 2016*

- Conducted data analysis and built predictive models using **PyTorch** and **Data Science** techniques, increasing forecasting accuracy by 20%. - Developed machine learning algorithms for customer behavior analysis, helping to tailor marketing strategies effectively.
