---

## Summary

Passionate and dedicated programmer with a strong foundation in Machine Learning and Data Science. Experienced in developing innovative software solutions and enhancing user experiences through effective design and architecture. Proven ability to collaborate in fast-paced environments and deliver high-quality projects on time. Seeking to leverage expertise in machine learning and data analysis to drive impactful solutions.

---

## Experience

### Software Developer

*Tech Innovations Inc., West Russell*

*June 2021 - Present*

- Developed a **Content Management System** that streamlined content updates by 40%, improving team productivity and collaboration.
- Collaborated in a team to design and implement a **Payment Processing System**, enhancing transaction security and reducing processing time by 30%.
- Engaged in continuous learning of **Python** and **Java**, contributing to projects with an emphasis on modular coding and best practices.

## Data Scientist Intern

*Data Solutions Corp., West Russell*

January 2020 - May 2021

- Conducted data analysis and built predictive models using **Machine Learning** techniques, achieving a 15% increase in prediction accuracy for customer behavior.
  - Assisted in the development of a **Web Application** that visualized complex data sets, providing clients with actionable insights.
  - Gained hands-on experience with **Data Science** tools and methodologies, contributing to various projects that improved data-driven decision-making.
- 

## Skills

- **Machine Learning:** Advanced
  - **Data Science:** Intermediate
  - **Python:** Beginner
  - **Java:** Beginner
  - **Rust:** Intermediate
- 

## Projects

- **Microservices Architecture:** Designed a microservices-based application that improved scalability and deployment speed, resulting in a 25% reduction in downtime during updates.
  - **Mobile App:** Developed a user-friendly mobile application that enhanced user engagement by 50% over a six-month period.
  - **Web Application:** Led the development of a web application for a local business, increasing online sales by 20% within three months of launch.
- 

## Certifications

- **Scrum Master Certification** - Agile Alliance, 2021
  - **Microsoft Azure Developer** - Microsoft, 2020
-

# Education

## Bachelor of Science in Computer Science

*West Russell University, West Russell*

*Graduated: May 2020*

- Relevant Coursework: Data Structures, Machine Learning, Software Engineering, Database Management Systems
  - Participated in hackathons and coding challenges, honing problem-solving skills and teamwork abilities.
- 

## Additional Information

- Actively contributing to open-source projects on GitHub, focusing on enhancing my skills in **Python** and **Rust**.
  - Passionate about technology trends, particularly in the realm of artificial intelligence and data analytics.
-
