## Summary

Passionate and results-driven programmer with over 5 years of experience in developing robust web applications and mobile solutions. Proficient in modern frameworks and languages, including Django and React, with a strong ability to adapt to new technologies. Proven track record of delivering high-quality software on time and within budget. Seeking to leverage my technical skills and project management experience in a challenging new role.

## Experience

### Software Developer

**Tech Innovations Inc.** – Loganhaven, CA

*June 2020 – Present*

- Lead the development of a **Content Management System** that improved content deployment speed by **40%** through efficient database management and user-friendly interface design using **Django**.
- Collaborated with cross-functional teams to design and implement a mobile application, resulting in a **30%** increase in user engagement and a **25%** boost in overall app ratings.
- Enhanced application performance by integrating **Redis** for caching, reducing load times by **50%**.

## Junior Developer

**NextGen Solutions** – Loganhaven, CA

January 2018 – May 2020

- Assisted in the development of client-side applications using **React**, contributing to a project that led to a **15%** increase in customer satisfaction.
- Developed backend services with **C++** and participated in code reviews, improving code quality and team collaboration.
- Gained exposure to **Go**, working on microservices architecture, and contributed to improving service response times.

## Skills

- **Django:** Advanced
- **React:** Advanced
- **C++:** Intermediate
- **Redis:** Intermediate
- **Go:** Beginner

## Projects

### Content Management System

- Developed a comprehensive CMS used by over **200** content creators, featuring a user-friendly interface and robust API integration, streamlining the content publishing process.

### Mobile App

- Designed and implemented a mobile app that serves as a platform for users to access multimedia content, achieving **1,000+ downloads** within the first month of launch.

## Education

### Bachelor of Science in Computer Science

**Loganhaven University** – Loganhaven, CA

*Graduated: May 2017*

- Relevant Coursework: Software Development, Database Management, Mobile Application Development

## Certifications

- **Google Cloud Professional**

Achieved: July 2022

Focused on cloud architecture and application development, enhancing my ability to design scalable and cost-effective solutions.
