

# Keith Myers

---

**Email:** fhardin@example.org

**Location:** Johnsonside

---

## Summary

Innovative and detail-oriented programmer with a passion for building scalable applications and optimizing performance. With extensive experience in **Vue.js** and **AWS**, I have successfully led projects that enhance user experience and streamline operations. A dedicated learner, I continuously seek to expand my expertise in various programming languages and frameworks, currently exploring **Python** and **Node.js**.

---

## Skills

- **Vue.js:** Expert
  - **Rust:** Advanced
  - **AWS:** Advanced
  - **Redis:** Advanced
  - **FastAPI:** Intermediate
  - **DevOps:** Intermediate
  - **Jenkins:** Intermediate
  - **TypeScript:** Intermediate
  - **Python:** Beginner
  - **Node.js:** Beginner
-

# Experience

## Senior Frontend Developer

**Tech Innovations Inc.** — Johnsonside, CA

*June 2020 - Present*

- Spearheaded the development of a high-performance data analytics dashboard, reducing load times by 30% through optimized code and effective use of **Vue.js**.
- Collaborated with cross-functional teams to implement a CI/CD pipeline using **Jenkins**, enhancing deployment efficiency by 40%.
- Mentored junior developers in best practices for **TypeScript** and **FastAPI**, fostering a culture of continuous learning and improvement.

## Software Engineer

**NextGen Solutions** — Johnsonside, CA

*January 2018 - May 2020*

- Developed web applications using **Rust** and **Redis**, achieving a response time reduction of 25% compared to previous implementations.
  - Engaged in **DevOps** practices, effectively utilizing **AWS** services to deploy applications, which improved application availability to 99.9%.
  - Played a key role in the transition from monolithic architecture to microservices, enhancing system scalability and maintainability.
- 

# Projects

## Data Analytics Dashboard

- Designed and implemented a responsive dashboard for visualizing key business metrics, leveraging **Vue.js** and **FastAPI**.
- Integrated real-time data processing capabilities, enabling instant updates and improving user engagement by 50%.

## Web Application

- Developed a full-stack web application utilizing **Rust** for backend services and **Vue.js** for the frontend, resulting in an intuitive user interface.
  - Successfully handled over 1,000 concurrent users, ensuring high performance and reliability.
- 

## Certifications

- **Microsoft Azure Developer**

Validated expertise in developing cloud applications and services on Microsoft Azure.

---

## Education

### Bachelor of Science in Computer Science

Johnsonside University — Johnsonside, CA

*Graduated: May 2017*

- Relevant Coursework: Data Structures, Algorithms, Web Development, Cloud Computing.
  - Completed a capstone project on cloud-based application development, receiving a commendation for innovation.
- 

## Additional Information

- Passionate about open-source contributions, regularly participating in community projects on GitHub.
  - Enthusiastic about continuous learning; currently enrolled in online courses to enhance **Python** and **Node.js** skills.
- 

Keith Myers — A dedicated programmer committed to leveraging technology to solve real-world problems.
