Score: 915, Exp: 2027-03-19
  - **Scrum Master Certification**  
Score: 851, Exp: 2027-11-05
- 

## Experience

---

### Senior Software Engineer

#### E-commerce Platform

*Industry: Retail | Size: Startup*

*June 2018 - Present*

- Led the development of a high-traffic e-commerce platform using React for the frontend and Spring Boot for the backend, enhancing user experience and increasing conversion rates by 30%.
- Implemented microservices architecture, streamlining deployment processes and improving scalability.

- Collaborated with cross-functional teams to define project requirements and deliver solutions using Agile methodologies.
- 

## Software Developer

### FinTech Solutions

*Industry: Finance | Size: Enterprise*

*January 2016 - May 2018*

- Developed and maintained web applications using Django and PostgreSQL, contributing to a 20% increase in platform reliability.
  - Participated in code reviews and mentoring junior developers, fostering a culture of continuous improvement and knowledge sharing.
  - Engaged in strategic planning sessions to align technology solutions with business goals.
- 

## Junior Developer

### Tech Innovations

*Industry: Technology | Size: Startup*

*August 2015 - December 2015*

- Assisted in the development of a data analytics tool using React and Node.js, which provided clients with real-time insights into their operations.
  - Conducted testing and debugging to ensure high-quality deliverables and improved software performance.
  - Supported the transition to Agile methodologies, participating in sprint planning and retrospectives.
-
