  - **Polish:** Native
- 

## Certifications

---

- **Docker Certified Associate**  
Score: 872 | Exp: 2027-11-03
  - **Scrum Master Certification**  
Score: 728 | Exp: 2028-03-24
  - **Microsoft Azure Developer**  
Score: 715 | Exp: 2028-07-24
- 

## Experience

---

### Software Engineer

**Tech Innovators** (FinTech, Startup)

*June 2020 – Present*

- Developed a **Content Management System** that streamlined content delivery processes, improving efficiency by 30%. - Led the design and implementation of a **Machine Learning Pipeline** that enhanced predictive analytics capabilities, resulting in a 25% increase in user engagement. - Collaborated with cross-functional teams to

deliver a **Data Analytics Dashboard** that provided insights into customer trends and behaviors.

## Full Stack Developer

**Data Solutions Inc.** (Enterprise, Medium)

*January 2018 – May 2020*

- Contributed to the development of a **Payment Processing System** that supported secure transactions for over 10,000 users, reducing downtime by 15%. - Utilized **PostgreSQL** to manage and optimize database queries, improving data retrieval speed by 20%. - Assisted in the integration of **Jenkins** for continuous integration and deployment, enhancing release cycles.

## Junior Developer

**StartUp Hub** (Startup, Small)

*July 2017 – December 2017*

- Assisted in the development of web applications using **React** and **Next.js**, focusing on enhancing user experience and functionality. - Participated in Agile methodologies, facilitating sprint planning and retrospectives to improve team performance.
