## Summary

Passionate and detail-oriented software developer with over 5 years of experience in designing and implementing innovative solutions. Proficient in a wide range of programming languages and frameworks, I specialize in building scalable applications and data-driven solutions. My background in data science enhances my ability to analyze complex datasets and deliver actionable insights. I thrive in collaborative environments and am committed to continuous learning and improvement.

---

## Skills

- **JavaScript:** Expert
  - **Rust:** Advanced
  - **Java:** Advanced
  - **Angular:** Advanced
  - **Python:** Advanced
  - **MongoDB:** Intermediate
  - **AWS:** Intermediate
  - **Git:** Intermediate
  - **Vue.js:** Intermediate
  - **Data Science:** Intermediate
  - **Django:** Beginner
-

# Experience

## Software Developer

**Tech Innovations Ltd.** – Donovanfurt, Germany

*March 2020 – Present*

- Developed a **Payment Processing System** that improved transaction speed by 30% through optimized algorithms using **Java** and **Rust**. - Collaborated with a team to create a **Web Application** for e-commerce, utilizing **Angular** and **JavaScript**, resulting in a 25% increase in user engagement. - Implemented a **Microservices Architecture** that enhanced system scalability, leading to a 40% reduction in downtime during peak traffic. - Utilized **AWS** services to deploy applications, increasing deployment efficiency by 50%.

## Junior Software Engineer

**Data Solutions Inc.** – Donovanfurt, Germany

*June 2018 – February 2020*

- Assisted in the development of a **Data Analytics Dashboard** using **Python** and **Django**, which provided real-time insights, reducing data processing time by 20%. - Contributed to database design and management with **MongoDB**, optimizing data retrieval processes and improving application performance. - Participated in code reviews and version control using **Git**, ensuring high code quality and collaborative development practices.

---

## Projects

- **Payment Processing System:** Designed and implemented a robust payment gateway that integrates multiple payment methods, enhancing security and usability.
- **Web Application:** Led front-end development using **Angular**, resulting in a responsive design that boosted user satisfaction scores significantly.
- **Microservices Architecture:** Architected a microservices-based solution that improved system flexibility and reduced the deployment cycle time.
- **Data Analytics Dashboard:** Developed a dashboard for visualizing key performance indicators, which supported data-driven decision-making for clients.

---

## Education

### Bachelor of Science in Computer Science

**University of Donovanfurt** – Donovanfurt, Germany

*Graduated: May 2018*

- Relevant Coursework: Software Engineering, Data Structures, Web Development, Database Management.

---

## Certifications

- **AWS Certified Solutions Architect – Associate**
  - **Certified Java Developer**
- 

## Additional Information

- **Languages:** Fluent in English and German
  - **Hobbies:** Open-source contributions, attending tech meetups, hiking, and photography.
- 

I am excited to connect and explore opportunities where I can contribute my skills and experience to innovative projects.
