  - Agile Methodology
  - Conflict Resolution
  - Scrum
- 

## Languages

---

- **English:** C1
  - **Polish:** C2
- 

## Certifications

---

- **AWS Certified Solutions Architect**  
Score: 782, Exp: 2028-10-02
  - **Certified Kubernetes Administrator**  
Score: 877, Exp: 2027-11-12
  - **Microsoft Azure Developer**  
Score: 721, Exp: 2026-11-08
- 

## Experience

---

### Senior Software Engineer

**FinTech Company (Enterprise)**

*2018 - Present*

- Led the development of a **Payment Processing System**, enhancing transaction speed by 30% through optimized algorithms. - Designed and implemented a **Real-time Chat System** using Node.js and PostgreSQL, improving user engagement by

50%. - Spearheaded the transition to a **Microservices Architecture**, facilitating independent deployments and reducing downtime.

## Software Developer

### E-commerce Startup (Startup)

2013 - 2018

- Developed and maintained an **API Gateway** for seamless integration with third-party services, managing hundreds of requests per minute.
- Collaborated in an agile team to implement features using Rust and Go, significantly improving application performance.
- Played a key role in the deployment of applications using Docker and Azure, ensuring scalability and reliability.

## Junior Developer

### HealthTech Company (Startup)

2008 - 2013

- Assisted in the development of various applications, focusing on backend services using Node.js and PostgreSQL.
- Contributed to team efforts in adopting Agile methodologies, participating in Scrum meetings and sprint planning.
