

Gina Garrison

Email: josephconrad@example.org

Location: Shafferview

Summary

Dynamic and detail-oriented software developer with over 5 years of experience in designing, developing, and implementing web applications and microservices.

Proficient in **Angular** and **Jenkins**, with a strong foundation in **Java** and **Rust**. Adept at collaborating with cross-functional teams to deliver high-quality software solutions that drive business success. Passionate about continuous learning and staying up-to-date with emerging technologies.

Experience

Software Developer

Tech Innovations Inc. – Shafferview, CA

January 2020 – Present

- Led the development of a **Real-time Chat System** using **Angular** and **Rust**, improving user engagement by 40%.
- Collaborated with a team of 5 developers to implement a microservices architecture, enhancing system scalability and performance.
- Introduced CI/CD pipelines using **Jenkins**, reducing deployment time by 30% and minimizing production issues.
- Assisted in database management with **MySQL**, optimizing queries that improved application performance by 25%.

Junior Software Engineer

NextGen Solutions – Shafferview, CA

June 2018 – December 2019

- Contributed to a **Content Management System** project, focusing on backend development in **Java** and **Microservices**.
 - Developed RESTful APIs that facilitated seamless integration with third-party services, improving system interoperability.
 - Participated in code reviews and contributed to team knowledge sharing, helping junior developers enhance their coding skills.
-

Skills

- **Angular:** Expert
 - **Jenkins:** Expert
 - **Rust:** Advanced
 - **Java:** Intermediate
 - **Microservices:** Beginner
 - **MySQL:** Beginner
-

Projects

Content Management System

Role: Backend Developer

- Developed features that allowed users to create, edit, and manage content efficiently.
- Implemented a user authentication system, enhancing security and user experience.

Real-time Chat System

Role: Full Stack Developer

- Designed and developed the frontend using **Angular**, ensuring a responsive and intuitive user interface.
 - Utilized **Rust** for backend services, achieving low latency and high throughput for message delivery.
-

Certifications

- Docker Certified Associate
 - AWS Certified Solutions Architect
-

Education

Bachelor of Science in Computer Science

Shafferview University – Shafferview, CA

Graduated: May 2018

Additional Information

- Actively participating in local tech meetups and hackathons to network and share knowledge with fellow developers.
 - Committed to continuous professional development, currently pursuing advanced training in cloud technologies and container orchestration.
