Summary

Detail-oriented and passionate software developer with over 5 years of experience in delivering high-quality software solutions. Proficient in both front-end and back-end development, with a strong focus on creating efficient and scalable applications. Recognized for problem-solving skills and the ability to work effectively in fast-paced environments. Seeking to leverage expertise in Node.js and Angular to contribute to innovative projects.

Experience

Senior Software Developer

Tech Innovations Inc., Christinatown

June 2020 - Present

- Led the development of a **Payment Processing System** that handled over 1,000 transactions per day, reducing processing time by 30%.
- Collaborated with a cross-functional team to design and implement a **Web Application** using Angular and Node.js, resulting in improved user engagement by 25%.
- Optimized application performance using Docker, achieving a deployment time reduction of 40%.
- Mentored junior developers, enhancing their skills in C++ and Git, leading to a more efficient team.

Software Developer

Creative Solutions LLC, Christinatown

January 2018 - May 2020

- Developed responsive web applications using React and Python, focusing on user experience and accessibility.
- Contributed to the migration of legacy systems to modern technologies, successfully transitioning 80% of the codebase to new

frameworks. - Collaborated with QA teams to implement rigorous testing strategies, resulting in a 20% decrease in post-deployment bugs.

Skills

- **Node.js** (Expert)
- **Angular** (Expert)
- **Python** (Advanced)
- **Docker** (Advanced)
- **Git** (Advanced)
- **React** (Intermediate)
- **C++** (Intermediate)

Projects

Payment Processing System

- Designed and developed a secure payment processing system that integrated with major payment gateways. - Utilized Node.js and Docker for backend services, ensuring high availability and scalability.

Web Application

- Created a responsive and user-friendly web application using Angular and Python, enhancing user interaction and satisfaction. - Implemented RESTful APIs that improved data retrieval speed by 50%.

Certifications

- **AWS Certified Solutions Architect**

Education

Bachelor of Science in Computer Science

Christinatown University, Christinatown

Graduated: May 2017

- Relevant Coursework: Software Engineering, Data Structures, Database Management Systems

Additional Information

- Passionate about open-source contributions; actively participate in community forums and GitHub projects.
- Enjoys attending tech meetups and workshops to stay updated on the latest industry trends and technologies.
