**Location:** New Debbiefort

---

## Summary

Innovative and results-driven programmer with over 5 years of experience in building scalable web applications and microservices architectures. Proficient in both frontend and backend technologies, with a strong focus on enhancing user experiences and optimizing system performance. Adept at collaborating with cross-functional teams to deliver high-quality solutions on time and within budget. Passionate about leveraging cloud technologies to solve complex problems.

---

## Experience

### Senior Software Developer

**TechFusion Solutions** — New Debbiefort, NY

**June 2021 - Present**

- Led the development of a **Microservices Architecture** for a financial services platform, improving system scalability by 40%.
- Spearheaded the creation of a **Real-time Chat System** using Node.js and MongoDB, which increased user engagement by 25%.
- Collaborated with DevOps teams to implement CI/CD pipelines, reducing deployment times by 50%.

## Software Engineer

Innovatech LLC — New Debbiefort, NY

July 2018 - May 2021

- Developed and maintained RESTful APIs for a mobile application, serving over 10,000 active users daily.
- Improved database performance by optimizing MySQL queries, leading to a 30% reduction in response times.
- Contributed to the design and implementation of an **API Gateway**, enhancing security and management of microservices.

## Junior Developer

CodeCrafters Inc. — New Debbiefort, NY

January 2017 - June 2018

- Assisted in the development of web applications using Django and JavaScript, focusing on responsive design and usability.
  - Engaged in code reviews and collaborative programming, promoting best practices and knowledge sharing within the team.
- 

## Skills

- **MySQL:** Intermediate
  - **MongoDB:** Advanced
  - **Django:** Advanced
  - **Node.js:** Advanced
  - **DevOps:** Advanced
  - **JavaScript:** Advanced
- 

## Projects

- **Microservices Architecture:** Designed a modular architecture for a fintech application, enabling independent scaling of services and reducing downtime.

- **Real-time Chat System:** Developed a chat application for a social media platform using Node.js and WebSockets, resulting in a 25% increase in user interaction.
  - **Mobile App:** Created a cross-platform mobile app that allows users to manage their finances, achieving over 5,000 downloads within the first month.
  - **API Gateway:** Implemented an API gateway for a large-scale e-commerce platform, streamlining service requests and improving security protocols.
- 

## Certifications

- **AWS Certified Solutions Architect** — Amazon Web Services, 2022
- 

## Education

**Bachelor of Science in Computer Science**

**New Debbiefort University** — New Debbiefort, NY

**Graduated: May 2016**

- Relevant Coursework: Software Engineering, Database Management, Cloud Computing, Web Development
-
