Rhonda Baker

Email: davisanita@example.org
Location: Meyersside

Summary

Results-driven programmer with over 5 years of experience in developing scalable web applications and microservices. Expertise in **Django** and **Vue.js**, with a strong foundation in database management using **MySQL** and **MongoDB**. Proven ability to lead projects from conception to deployment, ensuring high-quality code and timely delivery. Passionate about leveraging cloud technologies, particularly **AWS**, to enhance application performance and reliability.

Experience

Senior Software Developer

Tech Innovations Ltd. - Meyersside
January 2020 - Present

- Led a team of 5 developers to create a **Data Analytics Dashboard** that increased data processing efficiency by 40%, enhancing decision-making for clients.
- Developed a **Payment Processing System** utilizing **Django** and **MySQL**, which processed over 10,000 transactions monthly with a 99.9% uptime.
- Implemented **microservices architecture** to streamline application deployment, reducing deployment time by 30%.
- Collaborated with cross-functional teams to integrate **AWS** services, resulting in a 25% reduction in infrastructure costs.

Software Developer

Creative Solutions Inc. - Meyersside
June 2018 - December 2019

- Designed and launched a responsive **Web Application** using **Vue.js**, achieving a user satisfaction rate of 95%.
- Contributed to the development of microservices, facilitating better scalability and maintenance of the application ecosystem.
- Utilized **Git** for version control, ensuring seamless collaboration among team members and maintaining code quality.

Skills

- **Django:** Expert
- **Vue.js:** Advanced
- **MySQL:** Advanced
- **MongoDB:** Intermediate
- **AWS:** Intermediate
- **Redis:** Intermediate
- **Go:** Intermediate
- **FastAPI:** Intermediate
- **JavaScript:** Beginner
- **Kubernetes:** Beginner
- **Git:** Intermediate
- **Microservices:** Intermediate

Projects

- **Data Analytics Dashboard:** Developed a comprehensive dashboard for data visualization that supports real-time analytics, leading to improved data-driven strategies for clients.
- **Payment Processing System:** Architected a secure and efficient payment processing solution, integrating multiple payment gateways and ensuring PCI compliance.

- **Web Application:** Created a user-friendly web application that improved customer engagement and increased traffic by 50% within the first year.
- **Microservices Architecture:** Spearheaded the transition of legacy systems to a microservices-based architecture, significantly enhancing system performance and scalability.

Certifications

- **Microsoft Azure Developer**
- **AWS Certified Solutions Architect**
- **Scrum Master Certification**

Education

Bachelor of Science in Computer Science
University of Meyersside - Meyersside
Graduated: May 2018

Additional Information

- Actively participating in local tech meetups and contributing to open-source projects.
- Passionate about continuous learning and keeping up-to-date with the latest industry trends and technologies.
