Summary

Detail-oriented and innovative programmer with over 5 years of experience in full-stack development and a robust background in DevOps. Proficient in a variety of programming languages and frameworks, I have successfully led projects that improve operational efficiency and enhance user experiences. Passionate about leveraging technology to solve complex problems and drive business success.

Experience

Senior Software Engineer

Tech Innovations Ltd. – Matthewborough, UK
April 2021 - Present

- Spearheaded the development of a **Web Application** that increased user engagement by 40% through an intuitive UI built with **Vue.js** and **TypeScript**.
- Architected a **Microservices Architecture** for a large-scale application, reducing deployment times by 50% and improving system reliability.
- Collaborated with cross-functional teams to implement **Docker** and **Kubernetes** for container orchestration, enhancing scalability and performance.

Software Developer

NextGen Solutions – Matthewborough, UK
June 2018 - March 2021

- Developed and maintained a **Machine Learning Pipeline** that processed data 30% faster than previous iterations, utilizing **FastAPI** for efficient API management.
- Contributed to a **Data Analytics Dashboard** project that provided actionable insights, leading to a 25% increase in customer satisfaction scores.
- Engaged in regular code reviews and implemented **Git** best practices, improving code quality across the development team.

Junior Developer

Innovate Tech – Matthewborough, UK
January 2016 - May 2018

- Assisted in the development of various web applications using **Angular** and **Rust**, gaining foundational experience in full-stack development.
- Participated in the migration of legacy systems to **Microservices**, which streamlined operations and decreased downtime by 15%.

Skills

- **Angular:** Expert
- **Vue.js:** Advanced
- **TypeScript:** Advanced
- **Rust:** Advanced
- **C++:** Intermediate
- **Go:** Intermediate
- **Docker:** Advanced
- **FastAPI:** Advanced
- **Microservices:** Advanced
- **DevOps:** Expert
- **Git:** Advanced

Projects

- **Web Application:** Developed a user-centric web application that increased user engagement by 40% using **Vue.js** and **TypeScript**.
- **Microservices Architecture:** Designed a microservices architecture for a financial application, reducing deployment times by 50%.
- **Machine Learning Pipeline:** Led a team to create an efficient machine learning pipeline using **FastAPI**, enhancing data processing speeds by 30%.
- **Data Analytics Dashboard:** Created a dashboard for visualizing complex data, which improved decision-making processes and customer satisfaction.

Certifications

- **Microsoft Azure Developer** – 2022

Education

Bachelor of Science in Computer Science
University of Matthewborough – Matthewborough, UK
Graduated: May 2015
