Summary

Dedicated and passionate programmer with over 5 years of experience in software development, focusing on building scalable web applications and ensuring high performance. Proficient in a variety of technologies and frameworks, with a strong foundation in both frontend and backend development. Committed to continuous learning and improving skills in emerging technologies.

Experience

Software Developer

Tech Innovations Inc. – Davidburgh, UK
June 2019 - Present

- Developed and maintained a **Node.js** backend for an **E-commerce Platform**, resulting in a 30% increase in transaction speed.
- Collaborated with a team of 5 to design and implement a responsive **React** frontend, enhancing user experience and boosting customer satisfaction by 25%.
- Implemented **AWS** solutions for cloud deployment, improving application scalability and reducing infrastructure costs by 20%.
- Led the transition of legacy systems to **Docker**, streamlining the deployment process and minimizing downtime.

Junior Developer

Creative Solutions Ltd. – Davidburgh, UK
January 2017 - May 2019

- Assisted in the development of a **Mobile App** using **Angular** and **Node.js**, reaching over 10,000 downloads within the first month of launch.
- Worked on a **Content Management System** utilizing **MySQL** and **MongoDB**, enhancing data retrieval times by 40%.
- Gained experience in **DevOps** practices, contributing to CI/CD pipelines that improved deployment efficiency by 50%.

Skills

- **Node.js** (Advanced)
- **MySQL** (Advanced)
- **React** (Intermediate)
- **Angular** (Intermediate)
- **MongoDB** (Intermediate)
- **Go** (Intermediate)
- **AWS** (Intermediate)
- **DevOps** (Intermediate)
- **FastAPI** (Beginner)
- **Vue.js** (Beginner)
- **Machine Learning** (Beginner)
- **Docker** (Beginner)

Projects

- **E-commerce Platform**: Led the backend development using Node.js and integrated payment gateways, achieving a 30% increase in sales within the first quarter post-launch.
- **Mobile App**: Collaborated in a cross-functional team to create a mobile application that simplified e-commerce transactions, resulting in a user engagement rate of 75%.

- **Content Management System**: Developed a CMS that allowed non-technical users to manage website content efficiently, which reduced content update time by 50%.

Certifications

- **Scrum Master Certification** - Scrum Alliance
- **Microsoft Azure Developer** - Microsoft
- **Docker Certified Associate** - Docker

Education

Bachelor of Science in Computer Science
University of Davidburgh – Davidburgh, UK
Graduated: May 2016

Interests

- **Open Source Contribution**: Actively participate in various open-source projects to enhance skills and collaborate with other developers.
- **Machine Learning**: Currently exploring machine learning algorithms and their applications in web development to build smarter applications.
- **Tech Meetups**: Regularly attend local tech meetups to network and share knowledge with fellow developers.
