Stacy Smith

Email: zamoratravis@example.net
Location: North Kellyfort

Summary

Passionate and detail-oriented programmer with over 5 years of experience in software development and a strong focus on building efficient and scalable applications. Proficient in a range of programming languages and tools, with a solid foundation in DevOps practices. Proven track record of delivering high-quality projects on time while collaborating effectively with cross-functional teams.

Experience

Software Engineer

Tech Innovations Inc. — North Kellyfort, KY
March 2020 - Present
- Developed and maintained the **API Gateway**, resulting in a 40% reduction in response time for client applications. - Implemented **Jenkins** CI/CD pipelines, improving deployment efficiency by 30% and minimizing downtime. - Collaborated with a team to create a **Real-time Chat System**, enhancing user engagement with a 99% uptime rate. - Mentored junior developers on **Git** version control, promoting best practices and improving team collaboration.

Junior Developer

Creative Solutions Ltd. — North Kellyfort, KY
June 2018 - February 2020
- Contributed to the development of an **E-commerce Platform** that generated over $500,000 in sales within the first year. - Assisted in the creation of a **Data Analytics**

Dashboard, which provided actionable insights that improved marketing strategies by 25%. - Engaged in code reviews and team meetings to ensure code quality and adherence to project timelines.

Skills

- **Jenkins:** Advanced
- **DevOps:** Intermediate
- **Python:** Intermediate
- **Git:** Intermediate
- **React:** Intermediate

Projects

API Gateway

- Designed and implemented a robust API Gateway that streamlined communication between microservices, significantly improving application performance.

Real-time Chat System

- Led the development of a scalable chat application using WebSocket technology, allowing seamless communication for over 10,000 concurrent users.

E-commerce Platform

- Played a key role in building a feature-rich e-commerce platform, integrating payment gateways and inventory management systems, leading to a 20% increase in user retention.

Data Analytics Dashboard

- Developed an interactive dashboard using React and Python for visualizing complex datasets, empowering stakeholders with real-time decision-making insights.

Education

Bachelor of Science in Computer Science
North Kellyfort University — North Kellyfort, KY
Graduated: May 2018
- Relevant Coursework: Software Development, Database Management, Web Technologies, and Data Structures.

Certifications

- **Certified Jenkins Engineer (CJE)**
- **AWS Certified Solutions Architect – Associate**
- **Python for Data Science and Machine Learning Bootcamp**

Additional Information

- Passionate about open-source contributions and active participant in local coding meetups.
- Avid learner currently exploring advanced machine learning techniques and cloud technologies.
