Kaylee Ritter

Email: mariewilliams@example.net
Location: North Stephen

Summary

Passionate and results-driven programmer with over 5 years of experience in software development and data science. Proven track record in building scalable applications and systems, with a strong emphasis on continuous integration and deployment. Adept at leveraging advanced technologies to drive efficiency and improve performance. Seeking to leverage my skills in a challenging role that allows for growth and innovation.

Experience

Software Engineer

Tech Innovations Inc. - North Stephen, NY
March 2020 - Present
- Developed and maintained an **E-commerce Platform** that increased annual sales by 30% through improved user experience and streamlined operations. - Led a team of 4 in the creation of an **API Gateway** using Flask and Docker, enhancing system integration and reducing response time by 25%. - Implemented CI/CD pipelines using **Jenkins**, resulting in a 40% reduction in deployment times and improved code quality.

Junior Developer

Creative Solutions LLC - North Stephen, NY
June 2018 - February 2020
- Contributed to the development of a **Web Application** that serves over 10,000

users daily, utilizing **Python** and **Kubernetes** for orchestration. - Assisted in the deployment of a **Machine Learning Pipeline** that improved data processing efficiency by 50%, enabling real-time analytics. - Collaborated with cross-functional teams to enhance application features and troubleshoot issues, resulting in a 95% customer satisfaction rating.

Skills

- **Docker:** Advanced
- **Go:** Advanced
- **Jenkins:** Intermediate
- **Data Science:** Intermediate
- **Git:** Intermediate
- **Kubernetes:** Intermediate
- **Flask:** Intermediate
- **Python:** Intermediate

Projects

API Gateway

- Developed a robust API Gateway using **Flask** that enabled seamless communication between microservices and reduced latency by 30%.

E-commerce Platform

- Spearheaded the development of an e-commerce platform, leveraging **Docker** and **Kubernetes** to ensure scalability and reliability.

Web Application

- Built a comprehensive web application that serves as a community hub, integrating various features such as user authentication and real-time notifications.

Machine Learning Pipeline

- Designed and implemented a machine learning pipeline that processed large datasets, increasing data analysis speed and accuracy by 50%.

Education

Bachelor of Science in Computer Science
University of North Stephen - North Stephen, NY
Graduated: May 2018

Certifications

- AWS Certified Solutions Architect - Associate
- Google Data Analytics Professional Certificate
