Summary

Experienced programmer with over 15 years of expertise in software development, specializing in C++, Next.js, and React. Proficient in cross-functional communication, problem solving, strategic planning, and conflict resolution. Committed to delivering high-quality software solutions and driving team success.

Education

PhD in Artificial Intelligence
ETH Zurich
Rank: #9, GPA: 3.9

Skills

- **C++**: Expert (10 years)
- **Next.js**: Expert (11 years)
- **React**: Expert (12 years)
- **Redis**: Expert (15 years)
- **Git**: Intermediate (3 years)

Soft Skills

- Cross-functional Communication
- Scrum
- Problem Solving
- Strategic Planning
- Conflict Resolution

Languages

- English: Native
- Polish: Native
- German: B2

Experience

Senior Software Engineer

Company: Tech Innovations Inc.
Industry: FinTech
Size: Enterprise
Duration: 2018 - Present

- Developed a **Real-time Chat System** to facilitate instant communication between users, enhancing user engagement and satisfaction.
- Created a **Data Analytics Dashboard** that provides insights into user behavior, leading to a 20% increase in user retention rates.
- Collaborated on the design and implementation of an **API Gateway** to streamline service communication across multiple microservices.

Software Developer

Company: Creative Solutions LLC
Industry: Startup

Size: Startup
Duration: 2015 - 2018

- Led the development of a **Mobile App** that supports various platforms, earning a 4.5-star rating on app stores.
- Implemented **Microservices Architecture** to improve application scalability and maintainability, resulting in a 30% reduction in system downtime.
- Worked closely with cross-functional teams using **Scrum** methodologies to ensure project alignment and timely delivery.

Junior Developer

Company: Digital Ventures
Industry: E-commerce
Size: Startup
Duration: 2010 - 2015

- Contributed to the development of various web applications using **React** and **Next.js**, improving load times by 50%.
- Assisted in the integration of **Redis** for caching solutions, which enhanced application performance significantly.
- Participated in code reviews and collaborated with senior developers to refine coding practices and improve software quality.
